

# Paper Garden

## Materials Provided:

- paper plate
- yarn
- sheet of veggies
- yarn needle

## Materials needed from home:

- something to color with
- scissors
- hole puncher
- tape

## Instructions

- Decorate your plate
- In our example we wanted our plate to look like the sky and the ground
- Color in the veggies
- Cut out veggie shapes
- Using a hole puncher, punch holes in the bottom half of the plate as shown in the example
- Tape one end of yarn to the back of your plate near where you will start weaving
- Weave the string through the holes and secure on either end to hold your veggies in place
- “plant” your veggies in your paper garden

Share your results with us on Facebook @AuburnInternationalFarmersMarket
