

DUAL METER INSTALLATION PROCESS

1. Customer signs **Dual Meter Agreement**. Notarized. Signed by City, too.
2. Customer pays \$520 to the City. This covers the cost of the new meter, plumbing permit and inspection.
3. Building Departments issues a **plumbing permit** for the work which the homeowner/homeowner's plumber needs to do to prepare the pipes for installation of the second meter.
4. Customer calls the Building Department at 248-449-9902 to schedule meter prep inspection.
5. Once approved by plumbing inspection. Plumber/owner calls Water Department 248-449-9901 for meter installation.
6. When meter is installed call for plumbing inspection
