

Date: August 27, 2021

Project: Stratford Waterfront Boardwalk
Request for Proposals –Design Services

Please consider the following when preparing your submission:

1. The scope of design services is being increased to include the entire boardwalk spanning from the TCH to Harbourview Drive/Shepard Drive, as shown on the attached schematic. The new design scope encompasses approximately 750 linear meters of boardwalk including six lookout areas, a kayak launch, and the large deck plaza surrounding the Michael Thomas statue. Lighting and benches along the entire boardwalk are to be included in the design.
2. The project will be divided into two tender packages. The first tender will include the first 530 meters of boardwalk and the deck plaza surrounding the Michael Thomas statue, including benches along the project, as shown as Phase 1 on the attached. This phase of the work is to be constructed in 2021. The second tender will include the remaining boardwalk, the lookouts and kayak launch, and lighting for the entire 750 meters of boardwalk and deck plaza area. This phase will be tendered in 2022, contingent on funding.

End of Addendum No. 1

FINAL CORE AREA AND WATERFRONT PARK CONCEPT
