Governor Newsom announces $50 million in loan guarantees for small businesses that may not be eligible for federal relief

Governor joins Bitwise Industries in announcing OnwardCa.org, a platform connecting COVID-19 displaced workers with over 70,000 job opportunities in critical industries

State is also allowing small businesses to defer payment of sales and use taxes of up to $50,000, for up to 12 months

SACRAMENTO – Governor Gavin Newsom unveiled a series of new resources to aid small businesses and help California workers who have lost work due to COVID-19.

Beginning tomorrow, California small businesses impacted by the COVID-19 crisis can apply for a loan from the federal government for up to $10 million. Importantly, the program is first-come, first-serve and the Governor encourages all eligible California small businesses to contact their lender to learn more.

Today, the Governor also announced that the state is allocating $50 million to the California Infrastructure and Economic Development Bank for loan guarantees to small businesses to help eliminate barriers to capital for individuals who do not qualify for federal funds, including low wealth and undocumented immigrant communities. The state is also allowing small businesses to defer payment of sales and use taxes of up to $50,000, for up to 12 months.

Additionally, the Governor joined Bitwise Industries and the Kapor Center to launch OnwardCa.org, a new platform connecting displaced California workers with more than 70,000 job opportunities in critical industries.

Earlier this week, Governor Newsom signed an executive order to help small businesses, granting a 90-day extension for small businesses to pay sales taxes.

Governor Newsom also today announced $17.8 million in new state initiatives to support California workers impacted by COVID-19. The allocation will come from Workforce Innovation and Opportunity Act funds with $7.8 million going to the Los Angeles region and $10 million made available statewide.
“The COVID-19 pandemic is having cascading effects for millions of California families and small businesses,” said Governor Gavin Newsom. “Through no fault of their own, more than a million Californians have lost a job and countless more are seeing their businesses fail. California will emerge from this crisis stronger than before, and until then, the state will work overtime with the federal government and private sector to get families the help they need.

WASHINGTON – Following President Trump’s signing of the historic Coronavirus Aid, Relief, and Economic Security (CARES) Act, SBA Administrator Jovita Carranza and Treasury Secretary Steven T. Mnuchin today announced that the SBA and Treasury Department have initiated a robust mobilization effort of banks and other lending institutions to provide small businesses with the capital they need.

The CARES Act establishes a new $349 billion Paycheck Protection Program. The Program will provide much-needed relief to millions of small businesses so they can sustain their businesses and keep their workers employed.

“This unprecedented public-private partnership is going to assist small businesses with accessing capital quickly. Our goal is to position lenders as the single point-of-contact for small businesses – the application, loan processing, and disbursement of funds will all be administered at the community level,” said Administrator Carranza. “Speed is the operative word; applications for the emergency capital can begin as early as this week, with lenders using their own systems and processes to make these loans. We remain committed to supporting our nation’s more than 30 million small businesses and their employees, so that they can continue to be the fuel for our nation’s economic engine.”

“This legislation provides small business job retention loans to provide eight weeks of payroll and certain overhead to keep workers employed,” said Secretary Mnuchin. “Treasury and the Small Business Administration expect to have this program up and running by April 3rd so that businesses can go to a participating SBA 7(a) lender, bank, or credit union, apply for a loan, and be approved on the same day. The loans will be forgiven as long as the funds are used to keep employees on the payroll and for certain other expenses.”

The new loan program will help small businesses with their payroll and other business operating expenses. It will provide critical capital to businesses without collateral requirements, personal guarantees, or SBA fees – all with a 100% guarantee from SBA. All
Loan payments will be deferred for six months. Most importantly, the SBA will forgive the portion of the loan proceeds that are used to cover the first eight weeks of payroll costs, rent, utilities, and mortgage interest.

The Paycheck Protection Program is specifically designed to help small businesses keep their workforce employed. Visit SBA.gov/Coronavirus for more information on the Paycheck Protection Program.

• The new loan program will be available retroactive from Feb. 15, 2020. so employers can rehire their recently laid-off employees through June 30, 2020.

"SBA is strongly committed to providing the most effective and customer-focused response possible to assist California small businesses with federal disaster loans. We will be swift in our efforts to help these small businesses recover from the financial impacts of the Coronavirus (COVID-19),” said Administrator Carranza.

SBA Customer Service Representatives will be available to answer questions about SBA’s Economic Injury Disaster Loan program and explain the application process.

“Small businesses, private non-profit organizations of any size, small agricultural cooperatives and small aquaculture enterprises that have been financially impacted as a direct result of the Coronavirus (COVID-19) since Jan. 31, 2020, may qualify for Economic Injury Disaster Loans of up to $2 million to help meet financial obligations and operating expenses which could have been met had the disaster not occurred,” said Carranza.
“These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can't be paid because of the disaster's impact. Disaster loans can provide vital economic assistance to small businesses to help overcome the temporary loss of revenue they are experiencing," Carranza added.

Eligibility for Economic Injury Disaster Loans is based on the financial impact of the Coronavirus (COVID-19). The interest rate is 3.75 percent for small businesses. The interest rate for private non-profit organizations is 2.75 percent. SBA offers loans with long-term repayments in order to keep payments affordable, up to a maximum of 30 years and are available to entities without the financial ability to offset the adverse impact without hardship.

SACRAMENTO, Calif. – Small nonfarm businesses in the following counties are now eligible to apply for low-interest federal disaster loans from the U.S. Small Business Administration. These loans offset economic losses because of reduced revenues caused by the drought that occurred in the following California primary counties, announced Director Tanya N. Garfield of SBA’s Disaster Field Operations Center-West.

“SBA eligibility covers both the economic impacts on businesses dependent on farmers and ranchers that have suffered agricultural production losses caused by the disasters and businesses directly impacted by the disasters,” Garfield said.

Small nonfarm businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size may qualify for Economic Injury Disaster Loans of up to $2 million to help meet financial obligations and operating expenses which could have been met had the disasters not occurred.

“Eligibility for these loans is based on the financial impact of the disasters only and not on any actual property damage. These loans have an interest rate of 3.58 percent for businesses and 2.5 percent for private nonprofit organizations, a maximum term of 30 years, and are available to small businesses and most private nonprofits without the financial ability to offset the adverse impact without hardship,” Garfield said.
By law, SBA makes economic injury available when the U.S. Secretary of Agriculture designates an agricultural disaster. The Secretary declared these disasters on March 20, 2019.

Businesses primarily engaged in farming or ranching are not eligible for SBA disaster assistance. Agricultural enterprises should contact the Farm Services Agency about the U.S. Department of Agriculture assistance made available by the Secretary’s declaration. However, in drought disasters nurseries are eligible for SBA disaster assistance.

(Disaster: CA-00313)
Incident: CORONAVIRUS (COVID-19)

occurring: January 31, 2020 & continuing

in the California counties of: Alameda, Calaveras, Contra Costa, Los Angeles, Sacramento, San Diego, San Francisco, San Mateo, Sonoma & Tuolumne;

and the contiguous California counties of: Alpine, Amador, El Dorado, Imperial, Kern, Lake, Madera, Marin, Mariposa, Mendocino, Merced, Mono, Napa, Orange, Placer, Riverside, San Bernardino, San Joaquin, Santa Clara, Santa Cruz, Solano, Stanislaus, Sutter, Ventura & Yolo

Application Filing Deadline: December 16, 2020

Disaster Loan Assistance Available:
Economic Injury Disaster Loans (EIDLs) – Working capital loans to help small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, non-profit organizations of all sizes meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. These loans are intended to assist through the disaster recovery period.

Credit Requirements:
- Credit History – Applicants must have a credit history acceptable to SBA.
- Repayment – Applicants must show the ability to repay the loan.
- Collateral – Collateral is required for all EIDL loans over $25,000. SBA takes real estate as collateral when it is available. SBA will not decline a loan for lack of collateral, but SBA will require the borrower to pledge collateral that is available.

Interest Rates:
The interest rate is determined by formulas set by law and is fixed for the life of the loan. The maximum interest rate for this program is 4 percent.

Loan Terms:
The law authorizes loan terms up to a maximum of 30 years. SBA will determine an appropriate installment payment based on the financial condition of each borrower, which in turn will determine the loan term.

Loan Amount Limit:
The law limits EIDLs to $2,000,000 for alleviating economic injury caused by the disaster. The actual amount of each loan is limited to the economic injury determined by SBA, less business interruption insurance and other recoveries up to the administrative lending limit. SBA also considers potential contributions that are available from the business and/or its owner(s) or affiliates. If a business is a major source of employment, SBA has the authority to waive the $2,000,000 statutory limit.

Loan Eligibility Restrictions:
Noncompliance – Applicants who have not complied with the terms of previous SBA loans may not be eligible. This includes borrowers who did not maintain required flood insurance and/or hazard insurance on previous SBA loans.

Note: Loan applicants should check with agencies / organizations administering any grant or other assistance program under this declaration to determine how an approval of SBA disaster loan might affect their eligibility.

Refinancing:
Economic injury disaster loans cannot be used to refinance long term debts.

Insurance Requirements:
To protect each borrower and the Agency, SBA may require you to obtain and maintain appropriate insurance. By law, borrowers whose damaged or collateral property is located in a special flood hazard area must purchase and maintain flood insurance. SBA requires that flood insurance coverage be the lesser of 1) the total of the disaster loan, 2) the insurable value of the property, or 3) the maximum insurance available.

Applicants may apply online, receive additional disaster assistance information and download applications at https://disasterloan.sba.gov/ela. • **Question:** My state received approval, but it wasn’t state-wide. Will SBA allow more counties to be approved?
  • **Answer:** In some instances, state-wide declarations are not being made. Instead, they are on a county basis. If your state is experiencing new cases in undeclared counties after an SBA approval, Governors can amend their approved declaration by working with SBA on the county-specific findings.

• **Question:** My state received approval so where do small businesses apply?
  • **Answer:** Small businesses in eligible areas may apply for an EIDL online at: https://disasterloan.sba.gov/ela/ or they can also reach out to their local SBA District Offices.

    - The list of eligible areas is also available online at: [https://disasterloan.sba.gov/ela/Declarations/Index](https://disasterloan.sba.gov/ela/Declarations/Index) or [https://www.sba.gov/disaster-assistance/coronavirus-covid-19](https://www.sba.gov/disaster-assistance/coronavirus-covid-19).
    - The list is updated periodically and on the same day a new declaration is approved.
    - Your state may not have been approved yet but a county in your state may have been approved as a contiguous county on a neighboring state’s approval, which allows small employers in those counties to apply for loans.
    - Please check often to see if your area has been added even if your state has not been formally approved.

• **Question:** What is an Economic Injury Disaster Loan?
  - **Answer:** The SBA’s Economic Injury Disaster Loan (EIDL) program provides small businesses with working capital loans of up to $2 million to help overcome the temporary loss of revenue.
    - The loans may be used to pay fixed debts, payroll, accounts payable, or other bills that can’t be paid because of the COVID-19 outbreak.

    - The maximum term is 30 years.
    - A small business is defined by the SBA’s Size Standards in accordance with the Native American Industry Classification System (NAICS) codes and SBA’s Size Standards Tool can be utilized.

• **Question:** What’s the timeline like?
  - **Answer:** Once a borrower submits an application, approval timelines depend on volume. Typical timeline for approval is 2-3 weeks and disbursement can take up to 5 days. Borrowers are assigned individual loan officers for servicing of the loan.

EXECUTIVE ORDER N-40-20

WHEREAS on March 4, 2020, I proclaimed a State of Emergency to exist in California as a result of the threat of COVID-19; and

WHEREAS on March 19, 2020 I issued a statewide Order directing all residents to heed current state public health directives to stay home except as needed to maintain continuity of operations of critical infrastructure sectors during the COVID-19 response; and

WHEREAS the COVID-19 pandemic and the necessary physical distancing measures implemented have affected governmental agencies, private businesses, and California residents alike, with associated impacts on adherence to certain statutory deadlines; and

WHEREAS certain businesses have been unable to operate, or are otherwise significantly impacted, as a result of COVID-19 and require administrative relief; and

WHEREAS certain corporations are unable to conduct in-person shareholder meetings due to physical distancing requirements; and

WHEREAS the State is conducting or may conduct critical emergency activities at fairgrounds and existing law restricts the Fairs and Exposition Fund; and

WHEREAS the Women, Infants, and Children (WIC) Program is designed to ensure program participants access to necessary nutrition and COVID-19 related scarcity has caused challenges in program participants’ access to this nutrition; and

WHEREAS existing law requires the Division of Juvenile Justice and the Board of Juvenile Hearings within the California Department of Corrections and Rehabilitation to be reestablished under the California Health and Human Services Agency as the Department of Youth and Community Restoration, and requires the transfer to be completed by July 1, 2020; and

WHEREAS the Division of Juvenile Justice, the California Health and Human Services Agency, and the California Department of Corrections and Rehabilitation have taken numerous steps over many months to initiate the transfer, but the threat of COVID-19 has newly forced Division of Juvenile Justice to redirect available resources to preventing COVID-19 from entering the juvenile facilities and to protecting and serving the youth residing in and the staff working in these facilities, and has forced California Health and Human Services Agency to redirect resources from assisting Division of Juvenile Justice with the transfer to addressing the broader COVID-19 emergency; and

WHEREAS under the provisions of Government Code section 8571, I find that strict compliance with various statutes and regulations specified in this order would prevent, hinder, or delay appropriate actions to prevent and mitigate the effects of the COVID-19 pandemic.
NOW, THEREFORE, I, GAVIN NEWSOM, Governor of the State of California, in accordance with the authority vested in me by the State Constitution and statutes of the State of California, and in particular, Government Code sections 8567 and 8571, do hereby issue the following Order to become effective immediately:

IT IS HEREBY ORDERED THAT:

1. The deadlines specified in Government Code sections 11346.4(b), 11346.1(e) and (h), 11349.4(a), and 11349.3(a), and the accompanying regulation in Title 1, California Code of Regulations, section 100(c), related to the filing, refile, certification and/or review of regulations and emergency regulations, are extended for a period of 60 calendar days to allow state agencies additional time to finalize regulatory changes pursuant to the Administrative Procedure Act.

2. The deadlines specified in Government Code section 19995.4 (b)-(e), related to leadership and development training for supervisors, managers, and career executive assignment employees, are extended for a period of 60 days.
