## Block Party Regulations

**Block parties are intended to promote camaraderie among neighbors. Graduation parties, birthday parties, and the like do not fall under this description. Organizers should notify and receive approval from a majority of residents on the block prior to submitting an application. In general, only one city block will be approved for closing, and a non-through street is preferred. Parties must end no later than 10 p.m. and must be controlled as to noise so that neighbors will not be unduly disturbed. All block parties must comply with the following regulations:**

1. Only the official barricades provided by the City may be used to close the access to the street.
2. Call the Department of Municipal Services (DMS) at 734-453-7737 approximately one week prior to the date of your event to confirm the delivery of the street barricades.
3. The DMS will deliver street barricades at each intersection on the last workday prior to your event and will pick them up on the first work day after your event.
4. It is your responsibility to place the barricades in the street during the hours of your event and to move them back to a safe location between the curb and sidewalk after your event.
5. An **18-foot wide fire lane must be maintained open** to emergency vehicles for the entire length of the closed street. Picnic tables, barbecue grills, and other portable equipment which can be readily moved if necessary may be placed in the closed street in the area outside of the fire lane. Fire hydrants shall remain accessible.
6. In accordance with Wayne County Air Pollution rules, no open fires are permitted on the closed street or in yards. Barbecue grills may be used for cooking on the closed street. Please take adequate safety precautions if a grill is placed in the area where participants will be walking and playing
