Penguin

I would be a penguin because it is a. It's a different type of bird. It doesn't fly like the rest of the birds do. The penguins like to eat fish and they live in Arctic. I started to liking penguins when I was 5 year old. My mom changed the channel and it was about penguin and his name was captain. It wandered the city. Captain entered a store and he got tangled in a kite. Two men tried to catch him. Captain ran to the roof because his dream was to fly. But the man pulled the string of the kite and then Captain started to fly. That is when I decided I was going to tell my mom I wanted a penguin. I think seeing that show gave me some experience to be what ever I want to be or dream whatever I want to be.
