MASTER AGREEMENT REGARDING
COWBOYS COMPLEX DEVELOPMENT PROJECT

THIS MASTER AGREEMENT REGARDING COWBOYS COMPLEX DEVELOPMENT PROJECT (this “Agreement”) is entered into as of August 17, 2004, by and between the CITY OF ARLINGTON, TEXAS, a duly incorporated home rule city of the State of Texas (the “City”), and THE DALLAS COWBOYS FOOTBALL CLUB, L.L.C., a Texas Limited Liability Company (the “Club”).

WITNESSETH:

WHEREAS, the Club, as the owner of a professional football team that is popularly known as the “Dallas Cowboys” (the “Team”) and that is in good standing as a member team of the National Football League (the “NFL”), has determined that it is in the best interests of the Team and its fans to play all of its regularly scheduled home football games in a new, flexible, retractable roof, multi-functional stadium, coliseum, sports and community venue project (the “Cowboys Complex”) to be located and constructed within the City on a portion of the “Land,” preliminarily identified on Exhibit B hereto (the “Land”); and

WHEREAS, the Club intends that the Cowboys Complex will be constructed as a first-class facility on a par with other comparably-sized, municipally-owned, multi-use outdoor/indoor sports and community venue projects recently constructed in North America, and, although designed and constructed primarily for use as the home field of the Team, the Cowboys Complex will be designed to accommodate approximately 75,000 persons for indoor or outdoor professional and college football games and will be capable of temporary reconfiguration for other types of indoor or outdoor sports and entertainment events; and

WHEREAS, subject to the performance by the City of its undertakings described herein, the Club has agreed to execute a non-relocation agreement (the “Non-Relocation Agreement”) to designate the Cowboys Complex as the home field of the Team commencing with the Team game season in the year 2009 and to play all of its regularly scheduled home football games in the Cowboys Complex thereafter through the regular season ending in the year 2039; and

WHEREAS, pursuant to the authority granted to the City in Chapter 334, Local Government Code, as amended (the “Act”), and in consideration of the undertakings of the Club contained herein and the other agreements described herein and of the continuing economic benefits to be derived therefrom by the City and its citizens, the City, if authorized by its citizens at an election (the “Election”) called and held in accordance with the Chapter 334 Election Ordinance attached hereto as Exhibit A, has agreed to join with the Club in the financing and development of the Cowboys Complex and to share in the costs thereof to the extent provided in and in accordance with the terms of this Agreement and the other contracts and agreements referred to or incorporated herein or contemplated hereby; and

WHEREAS, if a majority of the City’s voters who cast votes in the Election shall have voted in favor of the proposition, then, in such event, the City and the Club have agreed to use
diligent good faith efforts to attempt to reach final agreement on all of the Project Documents (as defined herein) necessary to pursue the Cowboys Complex; and

WHEREAS, in the event that such Project Documents have not been agreed to by the City and the Club on or before December 31, 2004, then either party shall have the right to terminate this Agreement, in which event, neither party shall have any further liability to the other on account thereof; and

WHEREAS, if, on the other hand, the Project Documents are executed, on or before December 31, 2004, then the Project Documents shall supersede the terms and provisions of this Agreement and the relationship of the parties shall continue in accordance with the terms thereof; and

WHEREAS, the Project Documents shall include a Project Development Agreement, a Funding Agreement, an Operating Agreement or Lease, a Club Lease or Sublease Agreement, a Club Non-Relocation Agreement, a Lease-Performance Guaranty Agreement by the Club, if the Club is not itself the “lessee” under the Lease, and such other agreements as the parties may mutually agree to; and

WHEREAS, the Club currently estimates that the “Cowboys Complex Budget,” as defined herein, will be approximately $650 million, subject to subsequent adjustments based on the ultimate land acquisition and preparation costs and the completion of final design and architectural plans and final construction costs for the Cowboys Complex; and

WHEREAS, the City, if authorized at the Election, has agreed to pay for a portion of the Project Costs (as hereinafter defined) of the Cowboys Complex pursuant to the provisions hereof in an amount that is equal to the lesser of (i) 50% of the actual Project Costs, or (ii) $325 million, which portion shall be funded out of the proceeds (the “Available Bond Proceeds”) of one or more series of the Cowboys Complex Bonds, as described in Section 2.7(a) hereof to be issued by the City in accordance with the Act; and

WHEREAS, as consideration for the use and occupancy of the Cowboys Complex and in addition to all other amounts for all purposes required to be paid and expended by the Club under this Agreement and the Project Documents, the Club will pay or cause to be paid to the City as the City’s money and property a rental (the “Base Rent”) equal to the total of (i) the annual amount of Two Million Dollars ($2,000,000) commencing in the year 2009 and annually throughout the initial term of the Club Lease, and (ii) five percent (5%) of certain naming rights proceeds, but not exceeding $500,000 per year, derived in the future and at any time after the execution of this Agreement and continuing throughout the initial term of the Club Lease, by the Club from the sale of the naming rights for the Cowboys Complex as described in this Agreement; and

WHEREAS, in addition to the Base Rent, the Club directly or through other selected entities affiliated with the Club or the principals of the Club, has agreed to pay or contribute, in annual amounts of $500,000, the aggregate sum of $16.5 million, commencing in the year 2006 and continuing annually thereafter through the initial term of the Club Lease to benefit the youth
of the City by funding various facilities and programs for youth sports, recreation and education purposes; and

WHEREAS, the share of the costs of the Cowboys Complex to be provided by the Club shall be obtained and provided by the Club from any sources determined by the Club, including but not limited to the private funds and sources described herein; and

WHEREAS, any portion of the costs of the Cowboys Complex not funded by the methods described in the previous recitals may, at the option of the Club, be obtained through “Incremental Funding,” as described in Section 2.8(c) hereof, that will be secured by and payable solely from one or more of the following and other user sources as more fully detailed in the Project Documents: (i) the Additional Rent (as set forth herein) paid to the City, and (ii) if authorized at the Election and in accordance with the Act, (A) an admissions tax on each ticket sold for admission to an event at the Cowboys Complex, at a rate not to exceed 10% of the price of a ticket sold (the “Admissions Tax”); (B) an event parking tax on each motor vehicle parking in a parking facility of the Cowboys Complex at a rate not to exceed $3 for each motor vehicle (the “Parking Tax”); and any other private sources, as determined by the Club, and pursuant to the rights and options reserved to the Club in Section 2.8(c) hereof, all to be done without recourse to the City; and

WHEREAS, this Agreement sets forth the preliminary plan of the City and the Club regarding the financing and development of the Cowboys Complex, and the parties have agreed, subject to the Project Documents, to complete and implement the financing and development plan consistent with the terms of this Agreement and the Project Documents as soon as practicable following the execution of the Project Documents if the proposition submitted pursuant to the Election Ordinance attached hereto as Exhibit A is approved by the voters at the Election;

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements herein contained and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged and confessed by each of the parties hereto, the City and the Club have agreed and do hereby agree as follows:

(c) The Club shall require in its contracts with the Architect or structural engineer (if the Club contracts directly with such structural engineer) that the structural elements of the Cowboys Complex be engineered in accordance with generally accepted engineering practices and engineered at a standard for an estimated useful life of the structural elements of not less than 40 years. provide all such approvals and issue such permits as required from the City with regard to the construction of the Cowboys Complex.

Section 1.9. Contractor Assurances.

The Club shall contractually obligate the General Contractor to provide the following assurances to protect the City and the Club during and after construction: (i) reasonable procedures to assure payment and performance by the General Contractor’s subcontractors, including payment and performance bonds to be furnished by those subcontractors if required by the Club, (ii) indemnification (which shall include commitments to defend and hold harmless) consistent with indemnification provisions customarily provided by prime contractors for City-operated construction projects with a scope similar to that of the Cowboys Complex, and (iii) insurance, including commercial liability, all-risks builders risks, workers compensation, auto liability and excess umbrella coverage, each in form and substance not less than is customary for a City-operated construction project with a scope similar to that of the Cowboys Complex. Each such indemnity and insurance policy shall name both the City and the Club, and the Club’s affiliates, as joint indemnitees and as additional insureds, as the case may be. The City may from time to time reasonably request in writing that the Club furnish to the City evidence of the insurance provided by the General Contractor.

The Cowboys Complex Budget shall reflect the line items set forth on the attached Exhibit C and no material change shall be made by the Club in the Cowboys Complex Budget unless (i) such change is disclosed to the City, (ii) such change does not affect the suitability of the Cowboys Complex as a NFL venue, and (iii) to the extent such change causes the Project Costs to exceed $650 million, the Club, subject to the Club’s acceptance of the revised Budget, shall be responsible for any such cost overrun; provided, however, the Project Development Agreement will further detail the required completion standards resulting from the Club’s change orders as elected by the Club.

Pending disbursement of funds in the City Project Cost Account, the City shall invest such funds only in investments permitted and authorized by applicable law and the City’s investment policy as in effect from time to time. (b) "Payment Certificate" shall mean a written certificate prepared by the Club:

(i) which (A) reasonably identifies and represents that the identified Project Costs are due and owing and authorized to be paid pursuant to such Payment Certificate, (B) certifies that the amounts payable do not include contract retentions (other than those that are due) and (C) identifies the portion of such amount (if any) to be transferred to the Disbursement Account from the City Project Cost Account and the portion of such amount to be transferred to the Disbursement Account from the Club Project Cost Account (or to be deposited directly into the Disbursement Account by the Club as an Club Deposit);

(ii) which has attached to it a copy of an invoice(s) relating to such Project Costs which reasonably identifies the payee (or payees), the goods, services and/or materials provided by such payee (or payees) and the total amount due and owing with respect to such goods, services and/or materials;

(iii) which, in the case of any Project Cost covered by such Payment Certificate that was incurred in connection with services, goods or materials provided by the General Contractor or any other contractor, has been executed by the Architect for the purpose of confirming that such services, goods or materials have been satisfactorily delivered or completed as the case may be;

(iv) which, in the case of any Project Cost covered by such Payment Certificate that was incurred under contracts providing for the fees of the Club or its employees or agents has been executed by an independent auditor (the "Independent Auditor") selected by the City Manager, for the purpose of confirming that the amount reflected in the invoices) attached to such Payment Certificate with respect to such Project Cost is consistent with the terms of the written contract pursuant to which such Project Cost was incurred; and
(v) which has been executed by the Club or its designee to certify that the fees, costs, expenses and other charges reflected on the Payment Certificate constitute Project Costs and are due and owing.

(c) If a Payment Certificate is otherwise completed and executed in accordance with items (i), (ii), (v) and, if applicable, (iii) and/or (iv) of subsection (b), above, and is submitted to the Director, the Director or his designee shall promptly prepare and submit, through normal payment procedures established for withdrawals from the City Project Cost Account, an appropriate directive for payment to the Disbursement Account of the amount certified in the Payment Certificate for disbursement by the City. The City shall cause the Director or his designee to respond promptly and expeditiously to all requests by the Club or its designee relating to Payment Certificates.

(d) The Independent Auditor shall be an accountant or accounting firm which, in connection with working for the Club and the City, satisfies the criteria for a “independent” certified public accountant set forth in Rule 2-01 of Regulation S-X promulgated by the United States Securities and Exchange Commission. The fees and expenses of the Independent Auditor shall be Project Costs.

(e) With respect to each Payment Certificate completed prior to the transfer of the City Contribution to the Disbursement Account for payment of Project Costs pursuant to the procedures set forth in Section 2.6, the City shall promptly transfer funds from the City Project Cost Account to the Disbursement Account an amount equal to 50.0% of the Project Costs to be paid pursuant to each such Payment Certificate; and (ii) the Club promptly shall transfer funds from the Club Project Cost Account to the Disbursement Account an amount equal to 50.0% of the Project Costs to be paid pursuant to each such Payment Certificate. After the required aggregate maximum amount is transferred from the City Project Cost Account to the Disbursement Account in payment of Project Costs pursuant to the procedures set forth in Section 2.6, the Club shall promptly transfer funds from the Club Project Cost Account to the Disbursement Account in an amount equal to 100% of the Project Costs to be paid pursuant to each such Payment Certificate.

In lieu of depositing any Club Deposit directly into the Club Project Cost Account for disbursement to the Disbursement Account, the Club may, at its election, deposit such Club Deposit directly into the Disbursement Account in satisfaction of the Club’s funding obligation under subsection (e), above.

Section 2.7. City’s Funding Commitment.

(a) Subject to the terms and conditions set forth in Section 6.1, on the Closing Date, the City shall provide $325 million for payment of Project Costs (the “City Contribution”) by depositing an amount equal to the City Contribution from the net available proceeds (after the payment of all costs and expenses of the financing, including reserve fund or other deposits
required by the financing) (the “Available Bond Proceeds”) of the following issues of bonds to be approved, authorized, and issued by the City in accordance with the Act that are secured and payable as follows:

(i) The City shall issue, in one or more series, tax-exempt bonds (the “Senior Bonds”) that will be secured by and payable from a senior or junior lien pledge of (A) the Sales Tax, (B) the HOT, and (C) the CRT;

(ii) The City shall issue, in one or more series, taxable bonds (the “Taxable Subordinate Bonds”) secured by a senior lien pledge of the Base Rent and by a subordinate lien pledge of (A) the Sales Tax, (B) the HOT, and (C) the CRT;

(iii) If necessary in order to obtain Available Bond Proceeds equal to the City Contribution, the City shall also issue, and if necessary the Club shall purchase or cause to be purchased, on mutually approved terms, in one or more series, bonds (the “Third Lien Bonds”) secured by and payable from a subordinate pledge of the Base Rent, and by a third-lien pledge of (A) Sales Tax, (B) HOT, and (C) CRT. The Third Lien Bonds shall have a final maturity of thirty years and pay interest currently but subject to accrual with interest if funds are not available on a current basis. Principal of the Third Lien Bonds shall be subject to mandatory redemption from all Sales Tax, HOT, and CRT and Base Rent received by the City on and after all the principal of and interest on the Senior Bonds and the Subordinate Bonds shall have been paid in full;

(iv) The Senior Bonds, the Taxable Subordinate Bonds, and the Third Lien Bonds (collectively, the “Cowboys Complex Bonds”) shall fund the City Contribution in full; and

(v) In the event the Available Proceeds on the Closing Date expected to be generated from the Senior Bonds and the Taxable Subordinate Bonds are less than $290 million, the Club shall have the right to terminate this Agreement and the Project Documents without further obligation or liability.

(b) As soon as practicable after the Election, the City shall use good faith efforts to arrange the financing of the City Contribution by issuing the Cowboys Complex Bonds. The principal amount, structure, maturities, interest rates, provisions and specific terms of the Senior Bonds and the Taxable Subordinate Bonds shall be as approved by the City and the Club. The amount, terms and provisions of the Taxable Third Lien Bonds, if any, shall be as approved by the City and the Club. It is provided, however, that none of the Cowboys Complex Bonds shall (i) be a general obligation of the City, (ii) be secured by or payable from ad valorem taxes levied by the City, (iii) be secured by, guaranteed by or payable by the Club or its owners, or any of their affiliates or related parties or (iv) be secured by a lien, security interest or any similar interest on the Cowboys Complex.

(c) The City shall not submit in the Election any tax, bond financing or similar proposition other than the proposition set forth in the Election Ordinance attached as Exhibit A.
Section 2.8. Club’s Funding Commitment.

(a) Subject to the terms and conditions set forth in Section 6.1, the Club shall provide $325 million for payment of Project Costs (the “Club Contribution”) which shall be deposited in the Club Project Cost Account as and when needed to pay Project Costs on a pari passu basis with the City Contribution. The Club shall provide reasonably satisfactory assurances to the City and any bond insurer for the Cowboys Complex Bonds that the Club Contribution will be available to pay Project Costs as and when needed. Notwithstanding the foregoing, if, prior to the Closing Date, the Club determines that the aggregate of the Club Contribution and the Available Bond Proceeds generated from the Third Lien Bonds will be more than $360 million, the Club shall have the right to terminate this Agreement and the Project Documents without further obligation or liability.

(b) If any Project Costs are incurred after the funds in the City Project Cost Accounts and in the Club Project Cost Account are completely depleted (the “Overruns”), the Club shall promptly pay, or at the Club’s election, contribute to the Club Project Cost Account from time to time as necessary, cash in an amount equal to such Overruns.

(c) The Club shall determine the manner and method of obtaining funds with which to make the Club Contribution and to pay for any Overruns and it may obtain and provide the Club Contribution and any Overruns from any source, including but not limited to, cash, equity, the Parking Tax or surcharge, the Ticket Tax or surcharge, rent (the “Additional Rent”) payable to the City that is additional to the Base Rent payable to the City, any revenue generated from the Cowboys Complex, funds obtained from the NFL, personal or permanent seat license revenue, or third party contributions or financing.

(d) The Club reserves the right to request the City to issue non-recourse special revenue bonds (the “Incremental Funding”) to aid the Club in providing the Club Contribution. If the City is so requested, the Club shall obligate itself to pay rent that is additional to the Base Rent and/or other payments or collections, including a Parking Tax and a Ticket Tax (at rates specified by the Club) to the City (all of such amounts, the “User Incremental Funding Payments”). If the City is requested to provide Incremental Funding, it will pledge all of the User Funding Payments as the payment of and as the security for such bonds, and will use its good faith efforts to issue taxable bonds secured solely by the User Incremental Funding Payments (and any other revenues determined by the Club) to generate all or any portion of the Club Contribution or any Overruns. Bonds issued as part of the Incremental Funding, if any, shall not be secured by or payable from any portion of the Sales Tax, the HOT, the CRT, or the Base Rent, or by any other funds or resources of the City.

Section 2.9. Closing; Closing Date.

(a) Subject to the City and the Club reaching final agreement on the Project Documents, the City and the Club each shall use good faith efforts to consummate their respective financings and to make their respective contributions or deliveries in accordance with Section 2.7 and Section 2.8 as soon as is practicable for the consummation of both such contributions after the Election. The City shall deliver written notice to the Club identifying the proposed sale date of the Cowboys Complex Bonds. The Club shall use good faith efforts to
deliver to the City, not later than the tenth business day after the date on which the City’s notice of the proposed sale date is delivered to the Club, the status of the financing necessary for the Club Contribution (or for the delivery of the assurances thereof), subject to customary exceptions and conditions.

(b) The closing (the “Closing”) for the transactions contemplated in Section 2.7, Section 2.8 and Article 4 shall occur on the earliest date (the “Closing Date”) after the date hereof on which the City can complete its financing and make the City Contribution and on which the Club can complete its financing and make the Club Contribution (or deliver the assurances of the Club Contribution). The City and the Club each shall use good faith efforts to keep the other party advised regarding the status of such party’s financing efforts. The City and the Club shall coordinate their financing efforts to cause the Closing to occur on the earliest practicable date at a time and place to be agreed upon by the Club and the City. The City shall use good faith efforts to effectuate the City Financing as soon feasible, based on the anticipated revenue streams from the taxes to be approved in the Election.

Section 2.10. Right to Audit.

The Club and the City shall each have the right to audit, upon reasonable notice and, at its own expense, all expenditures and financial records related to the Cowboys Complex, including the records related to the Project Account(s). Upon written request by the Club, the City shall give the Club access to all records controlled by, or in the direct or indirect possession of the City (other than records subject to legitimate claims of attorney-client privilege) relating to the City Project Cost Account, and permit the Club to review such records in connection with conducting a reasonable audit of such account. Upon written request by the City, the Club shall give the City access to all records controlled by, or in the direct or indirect possession of the Club (other than records subject to legitimate claims of attorney-client privilege) relating to the Club Project Cost Account and the Disbursement Account, and permit the City to review such records in connection with conducting a reasonable audit of such accounts. The City and the Club shall reasonably cooperate with the assigned independent auditors (internal or external) in this regard, and shall retain and maintain all such records for at least 3 years from the date of completion of the Cowboys Complex.

ARTICLE III

THE LAND

Section 3.1. The Cowboys Complex Site.

The City shall acquire, as provided in this Article III, own and lease to the Club (as provided in Section 4.1) the Land. Upon the City’s written request from time to time, the Club (i) shall furnish to the City copies of soils and other geotechnical reports relating to the Land that previously were obtained by the Club, the Architect or the General Contractor, and (ii) shall use good faith efforts to have the entities that rendered such reports address same to the City.
Section 3.2. **Land Acquisition.**

The City shall acquire the land by purchase, gift, donation or the exercise of the power of eminent domain (as further described in Section 3.3 below). The City shall make the Land available to the Club for the Cowboys Complex, as contemplated by the Project Documents.

Section 3.3. **Condemnation.**

If necessary for the purpose of constructing and equipping the Cowboys Complex, including necessary and related automobile parking facilities, the City may use its power of eminent domain to the extent legally permissible to acquire, with funds provided in the manner set forth in Section 2.6, all or any portion of the Land for the public purposes of the Cowboys Complex and development and diversification of the economy, the elimination of unemployment and underemployment and the development or expansion of transportation and commerce, subject to reimbursement and indemnity under the procedures set forth in Section 2.6 and on terms and conditions acceptable to the City in its sole discretion. If the City acquires any part of the Land through the exercise of its powers of eminent domain, the City shall deed restrict such property for use as a part of the Cowboys Complex pursuant to deed restrictions acceptable to the Club, and such property shall form a part of the leasehold estate leased in and created in the Project Documents.

At the Club’s request and in accordance with the Master Plan, the City may consider closing any streets or alleys that would constitute any portion of the site for The Cowboys Complex.

Section 3.5. **Related City Roadway Improvements.**

The City agrees to design the roadway improvements (collectively, the “Roadway Improvements”) necessary to support the Cowboys Complex. The estimated costs of such improvements is $25 million. The City agrees to work with Tarrant County and the Club to develop a method of financing such improvements. To the extent such improvements are not financed by the County, the costs thereof shall constitute a part of the Project Costs and paid for under the procedures and from the sources provided in Section 2.6. The parties recognize that the timing of Tarrant County’s contribution will be as set out in the Project Documents. The City’s design costs shall be Project Costs and reimbursed to it from the Disbursement Fund when funds are available therein in accordance with Section 2.6.

Section 3.6. **Parking Requirements.**

The Cowboys Complex will have sufficient parking spaces available (either on or off site) to accommodate the necessary patron parking for events occurring at the Cowboys Complex.
ARTICLE IV

LEASE MATTERS

Section 4.1. Club Lease.

The Operating or Club Lease Agreement shall include the following material terms, and such other terms as are customary for a long-term triple-net operating agreement or lease of facilities similar to those contemplated for the Cowboys Complex:

(a) The Operating or Club Lease Agreement and Club Sublease shall each be for an initial lease term commencing on and as of the dates on which the Land is acquired by the City and delivered to the Operator/Tenant and extends until December 31, 2038 as such date may be extended for any applicable playoff football games. The Operator/Tenant (and the Club) shall each have the option to renew such leases for two (2) successive renewal periods of ten (10) years each.

(b) The Operating or Club Lease Agreement shall be structured as a “triple-net” agreement. The Operator/Tenant (or the Club) shall have the obligation to pay all operating, maintenance and utility costs of the Cowboys Complex, shall be obligated to maintain the same in first class condition, reasonable wear and tear excepted, and shall have the right to retain and receive all revenues generated therefrom. The Club shall guarantee the obligations of the Operator/Tenant under the Operating or Club Lease Agreement. The Project Documents shall also address the Club’s agreement to reimburse the City for any reasonable and necessary event day costs incurred by the City for traffic control outside the Cowboys Complex.

(c) As stated in the preambles to this Agreement, during the initial term of the Operating or Club Lease Agreement, the tenant will be obligated to pay or cause to be paid to the City as the City’s money and property a rental (the “Base Rent”) equal to the total of (i) the annual amount of Two Million Dollars ($2,000,000) commencing on the opening date of the Cowboys Complex in the year 2009 and annually throughout the initial term of the Lease, and (ii) five percent (5%) of the proceeds received from the sale of naming rights of the Cowboys Complex, net of fulfillment costs related to the granting of such rights, at any time after the execution of this Agreement and continuing through the initial term of the Lease, by the Club from the sale of the naming rights for the Cowboys Complex as described in this Agreement. During any extended or renewal term of the lease, Base Rent shall be paid to the City in the amount of $1 million per year.

(d) At the expiration of the initial term, the Operator/Tenant (or the Club) shall have the option to acquire the Cowboys Complex from the City for the option price of $100 Million, subject to a credit against such amount for all Base Rent paid during the term by the Operator/Tenant or Club to the City, and Operator/Tenant operator costs plus any additional Project Costs in excess of $650 million funded by the Club. In the event such purchase option is not exercised at the expiration of the initial term and the Operating or Club Lease Agreement is extended, the Operator/Tenant (or the Club) shall again have the option to acquire the Cowboys Complex on the same terms as applied at the expiration of the initial term. The City shall not be
obligated to incur any third party costs associated with the transfer of title of the Cowboys Complex to the Club following the Club’s exercise of its option.

(e) The Operator/Tenant of the Cowboys Complex shall have the right to lease and license the use of the Cowboys Complex and related improvements for professional football and for any other lawful use not inconsistent with the Act. The Project Documents shall address the Club’s agreement to use commercially reasonable efforts to maximize non-football event usage of the stadium.

(f) The Operator/Tenant shall enter into a sublease with the Club providing for a sublease term co-terminous with the term of the Club Lease. Subject to the timely completion of the Cowboys Complex, commencing with the 2009 NFL football season, the Club shall use the Cowboys Complex for all of its preseason (other than neutral site games, when the Club is designated as the “home team”), regular season and post-season and league championship home games (except in all cases, as required by the NFL to play certain games at neutral or other sites).

(g) For so long as any bonds are outstanding that are payable from and secured by the User Incremental Funding Payments, the Club shall pay the User Incremental Funding Payments to the City, including rent that is additional to the Base Rent under the Club Lease, in an amount sufficient to pay debt service on such bonds on a level basis for a 30 year term. The payment of such additional rent shall be paid on a prorated monthly basis commencing on the date that the stadium improvements for the Cowboys Complex are substantially complete and ready for use by the Club for its first home game, or as otherwise required by the financing documents pursuant to which such bonds are issued. If the option to purchase is not exercised, and the option to extend the Club Lease is exercised, then the Operator/Tenant shall continue to be responsible for all operating expenses relating to the Cowboys Complex, subject to the right to retain all revenues derived therefrom and, in addition, Operator/Tenant shall pay to the City as base rent during the renewal term, the sum of $1 million per year (payable on a prorated basis monthly as described above) for each year of any renewal term.

(h) The Club Lease shall contain the customary provisions for repair, maintenance, insurance, indemnity, hazardous materials, default and remedy, casualty and condemnation, assignment and compliance with laws which are typical for a major professional sports team that plays its home games in a municipally-owned stadium.

(i) In no event shall the Club or its affiliates be precluded from mortgaging its (or their) leasehold interest in the Cowboys Complex.

Section 4.2. Non-Relocation Agreement.

The City and the Club will enter into a separate Non-Relocation Agreement which will be co-terminus with and cross defaulted with the Club Lease and will obligate the Team to play all home games in the Cowboys Complex for 30 years and during each renewal term of the Club Lease. The Non-Relocation Agreement will contain specific performance provisions. In the event the Operator/Tenant (or the Club) exercises the right to purchase the Cowboys Complex at the end of the initial term, then the Club will be obligated to extend the Non-Relocation Agreement for another 10 year period.
Section 4.3. Community Contribution.

As stated in the preambles to this Agreement, the Club directly or through other selected entities affiliated with the Club or the principals of the Club shall pay or contribute the sum of $16.5 million to the City. Such amount shall be paid or contributed in an amount equal to $500,000 per year beginning on October 1, 2006 and on each anniversary date thereafter until the expiration of the initial term of the Club Lease. The City and the Club (or the Jones Family) will jointly create, in accordance with applicable tax, legal and accounting guidelines, an appropriate charitable entity that will oversee and administer the disbursement of such contributions for programs and facilities benefiting the youth of the City for sports, recreational and educational purposes.
