

ADDENDUM #1

RFP 21-009

GREASE TRAP PUMPING

This addendum is being issued to address questions submitted on RFP 21-009.

Q1). Do you have any frequency/volume history for the few locations that will require yellow frying grease collection?

A1). An estimate is we have 10-12 yellow grease barrels that get picked up 3 to 4 times a year.

Q2). At these locations are you expecting the yellow frying grease collected at no cost?

A2). Our current pumping company provides the barrels and pick up complimentary, but that is up to your company. Cost or no cost, please include that as a separate line item of your proposal.

Q3). How many additional one (1) year options can be exercised by the City of Commerce?

A3). We currently do not have a limit to the additional year extensions, but the first contract will be for one (1) year then, extensions will be considered after that based on performance.

Q4). Was this bid posted to the nationwide free bid notification website?

A4). No

Q5). Other than your own website, where was this bid posted?

A5). This was also posted on the Georgia Procurement Registry for Team Georgia Market Place at <https://fscm.teamworks.georgia.gov/> .

This addendum should be signed and returned with your proposal.
