

Use of Walking Track Protocols:

- Hours of use 8:00 am-5:00 pm Monday-Friday.
- Upon entering the building, walkers must be wearing a face covering that must be worn the entire time the participant is in the Recreation Center.
- Walkers will check-in at the front desk where:
 - A staff member will take their temperature using a touchless thermometer.
 - Staff will visually check for signs of illness (flushed cheeks, tiredness, and cough).
 - They will be asked the required health questions.
 - Sign-in agreeing to the COVID-19 liability waiver.
- Walking only, no running.
- Walk in a counter clockwise direction that is delineated with arrows posted by P&R staff.
- A **maximum of 6 walkers** will be allowed on the track at any given time.
- Appropriate social distancing (minimum 6ft) is required unless individuals are from the same household.
- Pass other walkers on the left, by notifying the individual in front of them that they would like to pass, in which case the slower walker should step aside and let the other walker pass.
- Due to limited capacity at the Recreation Center under Governor Inslee's "Roadmap to Recovery", use of the walking track may be limited due to currently scheduled programs.
