

# SR-27 / ALBION DRIVE ROUNDABOUT

## Proposed Upcoming Schedule:

05/16/22 - 07/15/22      SR-27 / Albion Drive

## Project Description:

- A roundabout will be constructed this Summer on the North end of town at Grand Avenue/Albion Drive by the private developer, Aspen Heights Development out of Texas who is constructing a cottage style student housing project with 200 units near the intersection. The complex will be accessed by Albion Road just West of Grand.

## Current Travel Impacts:

- Phase 1 will construct the west half of the roundabout. Traffic will be reduced to one lane and controlled with temporary traffic signals, supplemented with flagging as needed. The adjacent path will be closed. Throughout construction, roads will be gravel-surfaced and rough; anticipate delays and drive slowly and cautiously. Please limit your number of trips through the work area, if possible.

## Updated Project Status:

- Phase 1 travel impacts will be from May 16th to June 13th.
