

# Terre View Drive Resurfacing 2022

## Proposed Project Schedule:

6/13/22 - 7/08/22 Terre View Drive

## Project Description:

This project consists of resurfacing Terre View Drive from SR 270 to Airport Road. The top lift of existing asphalt pavement will first be ground down and removed, and a new asphalt top lift will ultimately be laid. Miscellaneous other work will occur throughout the project (utility cover adjustments, minor concrete sidewalk/curb and gutter construction, crack sealing, full-depth patching, and striping). The City of Pullman will be working with Motley-Motley, Inc. to complete this project.

## Travel Impacts:

- Terre View Drive will be closed to thru traffic during the full duration of the project.
- During work hours, flaggers will assist local traffic through the closure and around active work areas (typically via one lane of travel for both directions).
- To best reach the Airport with minimal impact or delay, travelers are advised to plan ahead, leave early, and use SR 270 to access the Airport from the east (turning left onto Airport Road at the traffic signal near Moscow).

**Project Funding:** TIB/Arterial Streets: ~\$715,000

## Questions?

Contractor Contact: Jackson Kincaid, (509) 872-3511

City Contact: Sam Nasralla, (509) 338-3303
