

CITY OF LAWDALE BUILDING PERMIT FEE SCHEDULE FOR FY 2021-22

Effective July 12, 2021

March 2021 CPI (increase):	2.2%
City of Lawndale Multiplier:	2.0

Notes:

1. Most permit fees for FY 2021-22 were manually recalculated and adjusted to match the current permit fees established by LA County for FY 2020-21. The permit fees for FY 2020-21 were calculated by manually adding the annual CPI increases from older LA County Permit Fee figures from 2015/2016.
2. On July 1st of every year, LA County updates their permit fee schedule to increase their permit fees according to the "Los Angeles-Long Beach-Anaheim, CA, CPI-U 1-month and 12-month percent changes, all items index, not seasonally adjusted" for the month of March of the current year.
3. The City Permit Fee is calculated using the following formula: **Updated County Permit Fee x 2.0 (City Multiplier) = Updated City Permit Fee**.
4. (*) Criteria adjusted to match the current ranges/increments established by LA County for FY 2020-21.
5. (+) Fee is determined by State of California's Strong-Motion Instrumentation Program (Public Resources Code Section 2705).
