

Rebuttal to Argument Against Measure P

Let's be clear – Measure P lets the COMMUNITY decide Vallejo's direction – not politicians and bureaucrats.

We have all driven Vallejo's roads -hitting potholes, swerving to avoid them, narrowly avoiding someone else swerving!

The safety of our streets is a dire situation. Getting around Vallejo should never be dangerous -we should not risk expensive damage to our vehicles just to get to work or put kids in danger just trying to get to school.

Vallejoans expect, demand and deserve safe streets and healthy, safe, clean neighborhoods. Homelessness, crime, gangs, and public dumping/blight are serious concerns. Measure P ensures that COMMUNITY priorities for Vallejo are addressed.

Your YES on P vote will:

- Make Vallejo's roads/neighborhoods safer and improves our quality of life
- Provide safe routes to school for children
- Help ensure our firefighters/paramedics can reach people in crisis quickly
- Maintain youth programs that keeps kids out of trouble

When our community is safe, our economy will get stronger. NO ONE will want to do business here if it is not safe!

Measure P is NOT applied to food purchased as groceries or prescription medication.

Measure P is NOT a tax on your home or property.

Measure P includes Independent Citizens Oversight and mandatory financial audits to ensure funds are spent on OUR priorities -- NO politician can spend one penny without oversight.

ALL Measure P funds STAY LOCAL to benefit Vallejoans and can't be touched by state or federal government.

Vote YES on P -make our neighborhoods and streets safer!
