### **19.08.010 PURPOSE**

1. The purpose of this Chapter is to achieve the following:
  - A. Provide appropriate industrial areas to accommodate enterprises engaged in the manufacturing, processing, creating, repairing, renovating, painting, cleaning, or assembling of goods, merchandise, or equipment.
  - B. Provide adequate space to meet the needs of industrial development, including off-street parking and loading.
  - C. Minimize traffic congestion and avoid the overloading of utilities.
  - D. Protect industrial areas from excessive noise, illumination, unsightliness, odor, smoke, toxic wastes, and other objectionable influences.
  - E. Promote high standards of site planning and landscape design for industrial developments within the City.
  - F. Promote consolidation of industrial uses into comprehensively planned industrial parks.
  - G. Promote a mix of industrial uses that provide the City with a sound, diverse industrial base.
  - H. Ensure compatibility with adjacent land uses.
  - I. Single-family dwelling units which legally existed in the industrial zones prior to June 3, 1991, may remain as a permitted use. (MC 823 3/2/92)

2. The purpose of the individual industrial zones is as follows: (MC 1393 12/2/13)

**A. OIP (OFFICE INDUSTRIAL PARK) ZONE**

This zone is intended to establish distinctive office industrial parks and corporate centers serving City and regional needs. Supporting retail/commercial services may be located in Corporate Office Industrial Park structures.

**B. IL (INDUSTRIAL LIGHT) ZONE**

This zone is intended to retain, enhance, and intensify existing and provide for the new development of lighter industrial uses along major vehicular, rail, and air transportation routes serving the City.

**C. IH (INDUSTRIAL HEAVY) ZONE**

This zone is intended to provide for the continuation and development of heavy manufacturing industries in locations where they will be compatible with and not adversely impact adjacent land uses.

**D. IE (INDUSTRIAL EXTRACTIVE) ZONE**

This zone is intended to promote the mining and processing of the City's mineral resources in the Cajon Creek, Lytle Creek, and Santa Ana River areas, while ensuring their compatibility with adjacent land uses. Additionally, this zone provides for the development of interim uses including, but not limited to lumber yards, outdoor storage, plant nurseries, recreation (non-structural), etc., which do not impair the long term ability to extract and process mineral resources.

**19.08.020 PERMITTED, DEVELOPMENT PERMITTED AND  
CONDITIONALLY PERMITTED USES**

The following list represents those primary uses in the manufacturing/industrial zones which are Permitted (P), subject to a Development Permit (D) or a Conditional Use Permit (C):

**TABLE 08.01  
INDUSTRIAL ZONES LIST OF PERMITTED, DEVELOPMENT PERMITTED AND  
CONDITIONALLY PERMITTED USES**

The following list represents those primary uses in the industrial zones, which are Permitted (P), subject to an Administrative or Development Permit (D), or a Minor/Conditional Use Permit (C). Those with a – are not permitted uses in that zone.

**19.08.030 LAND USE DISTRICT DEVELOPMENT STANDARDS**

**1. GENERAL STANDARDS**

A. The following standards are minimum unless stated as maximum:

**TABLE 08.02  
INDUSTRIAL ZONES DEVELOPMENT STANDARDS**

<b>DEVELOPMENT STANDARDS</b>	<b>OIP</b>	<b>IL</b>	<b>IH</b>	<b>IE</b>
Net Lot Area <sup>1</sup>	10,000	20,000	40,000	N/A
Front Setback	20 <sup>2</sup>	10	20	N/A
Rear Setback	10	10	10	N/A
Side Setback (Each)	10	10 <sup>3</sup>	10 <sup>3</sup>	N/A
Side Setback (Street Side)	10	10	10	N/A
Lot Coverage (Maximum %)	50	75	75	N/A
Structure Height (Maximum)/Feet	42	2 stories/ 50 <sup>4</sup>	None	N/A

st. = story  
ac. = acre

- <sup>1</sup> This standard is only required for new industrial subdivisions
- <sup>2</sup> The minimum setback of 20 feet is required only along major or secondary arterial streets. Ten (10) feet is the minimum setback along all other streets.
- <sup>3</sup> Unless attached buildings are proposed, whereby no setback would be required for the attached side.
- <sup>4</sup> Unless the Commission finds that increased height is necessary for the proposed industrial use.

**2. INDUSTRIAL ZONE STANDARDS**

The following standards shall apply to development in all industrial zones, except as otherwise provided for in this Development Code:

- 1. All uses shall be subject to the approval of a Development Permit or a Conditional Use Permit pursuant to Chapters 19.44 and 19.36.
- 2. Retail sales and service incidental to a principally permitted use are allowable provided that the following standards are met:
  - a. The operations are contained within the main structure which houses the primary use;
  - b. Retail sales occupy no more than 15% of the total building square footage;
  - c. No retail sales or display of merchandise occur(s) outside the structure(s); and
  - d. All products offered for retail sales on the site are manufactured, warehoused, or assembled on the premises.

3. Outside storage shall be confined to the rear of the principal structure(s) or the rear two-thirds of the site, whichever is the more restrictive, and screened from public view from any adjoining properties and public rights-of-way by appropriate walls, fencing and landscaping.
4. An intensity bonus of up to 12 square feet for each 1 square foot of permanent space for properly designed and administered day care facilities may be approved by the review authority.
5. Every parcel with a structure shall have a trash receptacle on the premises. The trash receptacle shall comply with adopted Public Works Department standards and be of sufficient size to accommodate the trash generated. The receptacle(s) shall be screened from public view on at least 3 sides by a solid wall 6 feet in height and on the fourth side by a solid gate not less than 5 feet in height. The gate shall be maintained in working order and shall remain closed except when in use. The wall and gate shall be architecturally compatible with the surrounding structures.
6. In addition to the general development requirements contained in Chapter 19.20 (Property Development Standards), the Standards referred to in Table 06.03 shall apply to specific Industrial Zones.
