

REVOCABLE LICENSE
Application Packet

This packet deals only with Revocable Licenses. Generally, a Revocable License is only issued to residential property owners. A Revocable License is required when private improvements encroach into easements or rights-of-way. Not all improvements are allowed and you are strongly encouraged to contact Public Works' Real Property Services Division at 303-739-7300 to discuss your particular situation. If it is determined that a particular encroachment is allowed then a Revocable License must be obtained. In order to avoid this Revocable License requirement, property owners may choose to move proposed improvements out of the easement or right-of-way area.

A Revocable License may be issued within an easement or right-of-way for the following improvements:

- Retaining walls, risers/steps-flatwork
- Certain types of gates & fences,
- Sheds-not above 10 feet
- Improvements that are easily removable.

Items such as STAIRCASES, SWIMMING POOLS, GARAGES, ROOF OVERHANG, and BUILDING EXPANSIONS, LARGE STRUCTURES THAT ARE NOT REMOVABLE are not allowed within easements or rights-of-way.

Each Revocable License will be considered on a case-by-case basis. Issuance of a Revocable License shall be at the City of Aurora's sole discretion. NOTE: ALL REVOCABLE LICENSES MUST HAVE AN ORIGINAL SIGNATURE AND BE NOTARIZED.

Per applicable Aurora City Code, a building permit may also be required and it can be obtained through the City's Building Department. If the improvement is not in an easement or right-of-way, a Revocable License is not necessary, however, a building permit may still be required. It is the property owner's responsibility to determine whether a building permit is required.

A property owner may request the City release its interest in a particular easement or right-of-way which is a separate and different process. More information on Easement/Right-of-way Releases may be obtained in the "Easement/Right-of-way Release Packet" which can be found at:

https://www.auroragov.org/business_services/development_center/tools_and_resources/real_property/ or by contacting Real Property Services at 303-739-7300.

Necessary applications, process steps, contact people, and samples of forms are included in this packet.

Fill out the Application Form completely and accurately, then sign and submit your completed application and drawing to the outside agencies for their approval prior to submitting to City of Aurora. You may email these forms to the outside agencies (DO NOT CALL, you must email the documents). Addresses, phone and fax numbers, for the outside agencies are included in this packet, however, you must email the application to them. (see attachment titled Outside Agencies Contact). **ENSURE OUTSIDE AGENCIES RETURN THE SIGNED APPLICATION FORM TO YOU, NOT TO THE CITY.**
2. Prepare a drawing depicting the following items (the :
 - Location of property lines,
 - Location of the easement and/or right-of-way,
 - Location of the proposed improvement.
 - North arrow,
 - Street name(s),
 - Building materials to be used,
 - Height,width and length.
 - Notate the encroachment with, 'Licensed encroachment point of beginning'A sample graphic depicting each item is included in this packet. Additional items may be included in order to more clearly depict the proposed improvement. Label your drawing, 'EXHIBIT A'.
3. Upon approval from outside agencies, email submittal of the approved application form, drawing/Exhibit A, Vesting Deed (if you do not have a Vesting Deed that vests the current property owner you are submitting an application for then you must supply a current Title Commitment (within 2 weeks) showing they are purchasing the property) to revocablelicense@auroragov.org, and \$75.25 processing fee to be paid online once you receive the invoice in email.
 - a. Including the above Vesting Deed (or Title Commitment) and Exhibit A, Companies/Developers applying for a revocable License must supply a Statement of Authority for the company, a Certificate of Good Standing and a Certificate of Insurance (SEE BELOW).
5. Real Property will review your application and, if complete, will accept it for processing. A legal document, known as a Revocable License (see Sample A), will be prepared by Real Property and attached to the submitted application. Real Property will be responsible for obtaining approval from interested City departments. Processing normally takes 6-8 weeks after receipt of Complete Application and the fee is paid.
6. Upon approval or denial of one or all interested City departments, Real Property will contact the applicant/owner, owner must sign (original signature only) and have notarized the Revocable License or explain the basis for denial. If for some reason a department denies the application, we will call you to discuss the matter to see if the issue(s) can be resolved. The final City approval will be the signature of the City Engineer. **(The owner will sign twice, once at the beginning of the process on the application and once at the end of the process on the Revocable License requiring an original signature and notary.)** Once complete the Revocable License will be sent to the appropriate county for recording. If for some reason your application is denied, the **processing fee of \$75.25 is non-refundable.**
7. When the Revocable License is complete and ready to record, Real Property will provide a copy to the applicant/owner then a building permit (if required) may be obtained from the Building Department. The Revocable License is not a permit. **DO NOT BEGIN INSTALLATION OF YOUR IMPROVEMENT UNTIL THE REVOCABLE LICENSE IS FULLY APPROVED BY THE CITY AND APPLICABLE PERMITS OBTAINED.**
