**Habitat for Humanity**

Your volunteer time and effort is essential to our mission of building homes, community and hope with decent, affordable housing for families in Metro Denver. No experience is necessary! We provide all tools, training and supervision.

**ReStores:**

- The four Habitat Metro Denver ReStores sell donated home improvement and home furnishings to the public at a discount. One hundred percent of our profits support our mission to create strength, stability and self-reliance for local low-income families through affordable housing.
- Volunteers in our ReStores unload donations, organize inventory, arrange furniture, help customers and load up sales. It’s retail with a mission!

**Construction:**

- We have construction opportunities in our Production Shop, Home Repair, Renovations, and New Construction Sites. All shifts are full day opportunities, Wednesday-Saturday. We can take groups of 5-10 **volunteers** depending on the project.

The best way for people to see our opportunities is through the link below. Each post has a description of what they would be doing as well.
