Special Project Volunteer

Volunteer Description
City of Aurora Open Space and Natural Resources (OSNR) special project volunteers assist the OSNR division with unique skills to complete various projects as they arise.

Duties
We are currently in need of a volunteer to build insect collection boxes. We provide all the materials, and you provide your expertise.

Required Training
Special projects volunteers are required to watch the orientation video and pass a background check (paid by us).

Dress Code
While performing volunteer projects the following items must be worn. All are provided:
- Volunteer shirt
- Volunteer name badge

Benefits
- Log volunteer hours while providing unique skills that support the mission of the OSNR volunteer program.
- Give back to nature by assisting with educational and accessible needs e.g. building bird houses and bee hotels, maintaining replica sod house buildings, build insect display boxes for research and education, etc.

Questions
Fendi Despres, Open Space and Natural Resources Volunteer Coordinator, 303.326.8380, OSNRvolunteers@auroragov.org

How to apply
Please email Fendi Despres at fdespres@auroragov.org to discuss details of the project and how you can help.

The mission of the OSNR volunteer program is to preserve open spaces that connect people with nature, today and in the future, through effective stewardship practices.
