

About Us - Working Women's Golf League

Thank you for your interest in the Working Women's Golf League! This league has been playing on weekends in Aurora for over 20 years and averages 110 members.

League Overview

- Typically, we play 18, 18-hole rounds on Saturday or Sunday, early mornings, from April – October. A handful of those events are scheduled for afternoon play.
- Events rotate between Aurora Hills, Meadow Hills, Murphy Creek, Saddle Rock and Springhill
- Members are not required to play all events and must signup online prior to 7pm on the Sunday before play.
- There is an annual \$120 membership fee to join the WWGL. Regular greens fees apply when playing and payment is submitted directly to the course at time of play.
- Depending on the number of players for a particular date, we have three to five flights. Pro shop credit is awarded for 1st through 4th places in each of the flights.
- All handicaps welcome, but the league maxes the course handicap in line with the USGA (54).
- Members are not required to have a Handicap to join the league. Members can still play in events without a handicap, but are not eligible for payout until a handicap is established. Members' scores are recorded with GHIN each week to establish the handicap (3 – 18 hole rounds are required).

Play Format

- While fun, it is a competitive league. All players must abide by all USGA Rules and accurate scores must be kept.
- USGA Handicaps are applied for almost all events.
- Events are flighted for results, based on the number of participants.
- Different game formats are played for the events, and explained in the announcements for each.
- Members are required to maintain pace of play for each course.

Additional information

- There is an end of year Club Championship. In order to be eligible, you must play in at least 4 league play dates.
- There is a pre-season get together, as well as an end of season banquet.
- We hold a virtual new member orientation prior to the season where new members may ask questions and get to know the board.
- New members may join at any time in the season.

Please reach out to our Membership Chair, Cindy Howard, for a registration form.
