The Commemorative Bench Program provides a way to honor individuals and special events through the donation of a public park bench with a recognition plaque.

The city of Aurora Parks, Recreation and Open Space Department has established criteria and determined appropriate bench types available for use in parks, open spaces and public building grounds. Interested participants will meet with city staff to determine the area and exact location for each bench.

Wording on the recognition plaque is limited to but may include “Dedicated to...”, “In honor of...” or “In celebration of...” along with the date of bench dedication or installation. Plaques may not include graphics, logos or quotes. Final location will be approved by the department director or designee.

For more information, call 303.739.7196 or visit AuroraGov.org/Parks
