**TO:** Board of County Commissioners  
**DEPARTMENT:** Public Works, Land Management Division  
**PRESENTED BY:** Bill Robinson, Lane County Surveyor  
**AGENDA ITEM TITLE:** IN THE MATTER OF THE VACATION OF THE PLAT OF COLTER'S ADDITION TO GLENADA (BK 4, P 84) AND THE AMENDED PLAT OF COLTER'S ADDITION TO GLENADA (BK 6, P 25) AS PLATTED AND RECORDED IN LANE COUNTY, OREGON PLAT RECORDS (18-12-34)

---

**I. MOTION**

To approve the vacation of the plat of Colter's Addition to Glenada (Bk 4, P 84) and the Amended Plat of Colter's Addition to Glenada (Bk 6, P 25) as platted and recorded in Lane County, Oregon plat records (18-12-34).

**II. AGENDA ITEM SUMMARY**

The Board is being asked to approve the vacation of the plat of Colter's Addition to Glenada and the Amended Plat of Colter's Addition to Glenada, including all blocks, lots and rights of way within said subdivisions, and including all of Hazel street west of the western boundary of the Amended Map of South Florence Addition to Glenada

**III. BACKGROUND/IMPLICATIONS OF ACTION**

**A. Board Action and Other History**

In response to a request by the Lane County Parks Division, and in accordance with ORS 368.341, the Lane County Surveyor's Office initiated this vacation process by resolution with a public hearing for the vacation of the plat of Colter's Addition to Glenada as established in 1911 (Bk 4, P 84) and the Amended Plat of Colter's Addition to Glenada as established in 1912 (Bk 6, P 25), to include all blocks, lots and rights of way within said plats, and including all of Hazel Street lying west of the westerly boundary of the Amended Map of South Florence Addition to Glenada (Bk 2, P 13). The plats and portions of rights of way proposed for vacation comprise an undeveloped parcel owned by Lane County that is being transferred to the Oregon State Department of Parks and Recreation by Quitclaim Deed. The entire subject parcel is zoned NR (Natural Resource). The vacation of these plats and rights of way is a condition of the sale.

On February 21, 2007, Resolution and Order Number 07-2-21-6 was passed by the

Board of Commissioners which set a public hearing date of April 4, 2007 to consider this vacation.

On January 7, 2006 a public hearing was held in Florence regarding the property commonly known as the Glenada Dunes property, of which the Natural Resource parcel herein proposed for vacation is a part. At the conclusion of that hearing, a motion was approved by the Board directing staff to enter into negotiations with the State of Oregon Department of Parks and Recreation for the sale of the property.

On November 21, 2006 the Board passed Resolution and Order No. 06-11-21-4 authorizing acquisition of six remaining privately owned properties identified within the exterior boundaries of the Glenada Dunes property. These sales have been completed.

Public access will be eliminated to tax lot 1000 of Assessor's Map 18-12-34-24 and tax lot 400 of Assessor's Map 18-12-34 as a result of these vacation proceedings, and specific easements for ingress and egress and public utilities will be retained to benefit those two parcels.

The Surveyor's Office notified Central Lincoln People's Utility District, Qwest Communications, the City of Florence, Northwest Natural Gas, various other agencies including Transportation Planning and Lane County Planning sections of the Lane County Department of Public Works, and the adjoining property owners regarding the vacation. Lane County Transportation Planning responded with a conditional non-objection, provided the right of access to affected existing private properties is addressed. Jay Vilhena, President of Oaesys Corporation which owns tax lot 18-12-34-400, responded with a conditional non-objection, provided an easement is granted to access that property. Both of these conditional non-objections will be addressed by retaining two separate easements for ingress, egress and public utilities in the final Order. The other agencies and landowners either had no objection to the vacation or did not respond to the referral.

## **B. Policy Issues**

Lane Manual 15.300 allows for consideration of vacation of rights of way where little need exists for the road, specifically [15.300(3)] roads that are undeveloped rights of way or are not currently maintained by the County. All the platted streets and alleys herein considered for vacation fall into this category.

## **C. Board Goals**

Part of Lane County's Strategic Plan is to contribute to appropriate community development in the area of land development (Lane County Strategic Plan, Goals, P. 13). The plats and rights of way herein proposed for vacation comprise an undeveloped parcel of land owned by Lane County being transferred to the State of Oregon Parks and Recreation Department by Quit Claim Deed. The entire subject property is zoned NR (Natural Resource). Much of the subject property consists of sand dunes, lakes and topography unsuitable for construction of roads or development as originally platted. Vacation of these plats and rights of way would be within the scope of the strategic plan to facilitate appropriate land development, in this case parks and recreational lands.

**D. Financial and/or Resource Considerations**

Vacation of these plats and rights of way is a condition of the transfer of the subject parcel from Lane County to the State, the transfer of which will result in substantial revenue to Lane County. Vacation of the public rights of way within the subject parcel effectively increases the total area of land transferred, which proportionately affects the purchase price.

**IV. ANALYSIS**

ORS 368.341(1) provides that a county governing body may initiate proceedings to vacate public rights of way by resolution provided certain conditions are met, and those conditions will be complied with by these proceedings.

Easements for ingress and egress and public utilities will be retained to benefit tax lot 1000 of Assessor's Map 18-12-34-24 and tax lot 400 of Assessor's Map 18-12-34, both of which will be denied public access as a result of these vacation proceedings.

The public interest will be served by this vacation, as the undeveloped parcel being transferred by Lane County to the State of Oregon Department of Parks and Recreation that is zoned NR (Natural Resource) will be more suitable for parks use without the restrictions of the platted subdivisions and rights of way, much of which is located on sand dunes, existing lakes and topography unsuitable for construction of roads or development as originally platted.

The vacation of these plats and undeveloped rights of way will have no adverse effects on transportation patterns in the area, and the portions to be vacated are not needed by Lane County.

The proceedings that propose to vacate the said portions of streets and alleys have provided ample opportunity for comment from the public, affected property owners and other agencies. All required legal notices have been provided in accordance with ORS 368.346 and the Board is free to act at this time.

**V. ALTERNATIVES/OPTIONS**

The Board of County Commissioners has the option to:

1. Approve the Final Order to vacate the plats and rights of way as described in the Final Order.
2. Refuse to approve the vacation of the plats and rights of way. An Order to Discontinue the proceedings would be prepared for a future agenda date.
3. Postpone this matter for further fact-finding or consideration at a future date to be chosen by the Board.

## **VI. TIMING/IMPLEMENTATION**

Timing of this matter is important in order to facilitate the timely transfer of the subject property to the Oregon State Department of Parks and Recreation.

## **VII. RECOMMENDATION**

The Public Works Director's Final Report recommends that the Board support Option Number 1, to approve vacation of these plats and rights of way.

It is further recommended that separate and specific easements be retained for ingress and egress and public utilities to benefit tax lot 18-12-34-24-1000 and tax lot 18-12-34-400.

The public interest will be served by this vacation, as the undeveloped parcel being transferred by Lane County to the State of Oregon Department of Parks and Recreation will be more suitable for parks use without the burden of these platted rights of way, many of which are located on sand dunes, existing lakes and topography unsuitable for construction of roads or development as originally platted.

## **VIII. FOLLOW-UP**

If the Board of County Commissioners approves the Final Order of Vacation, it is to be forwarded to the Lane County Clerk for filing and recording, after which copies are to be forwarded to the County Surveyor and County Assessor for appropriate action. If the vacation is discontinued, an Order to Discontinue the vacation will be presented to the Board at a later regularly scheduled meeting.

(18-12-34) )**

Pursuant to ORS Chapter 368.346, and as ordered by the Lane County Board of Commissioners by Resolution and Order number 07-02-21-6, this report addresses the above titled matter of vacation.

The Surveyor's Office of the Department of Public Works has received a request from Lane County Parks Division to initiate proceedings for the vacation of the plat of Colter's Addition to Glenada as established in 1911 (Bk 4, P 84) and the Amended Plat of Colter's Addition to Glenada as established in 1912 (Bk 6, P 25), to include all blocks, lots and rights of way within said plats, and including all of Hazel Street lying west of the westerly boundary of the Amended Map of South Florence Addition to Glenada (Bk 2, P 13). The plats and portions of rights of way proposed for vacation comprise an undeveloped parcel owned by Lane County that is being transferred to the Oregon State Department of Parks and Recreation by Quitclaim Deed. The entire subject parcel is zoned NR (Natural Resource). The vacation of these plats and rights of way is a condition of the sale.

On January 7, 2006 a public hearing was held in Florence regarding the property commonly known as the Glenada Dunes property, of which the Natural Resource parcel herein proposed for vacation is a part. At the conclusion of that hearing, a motion was approved by the Board directing staff to enter into negotiations with the State of Oregon Department of Parks and Recreation for the sale of the property.

On November 21, 2006 the Board passed Resolution and Order No. 06-11-21-4 authorizing acquisition of six remaining privately owned properties identified within the exterior boundaries of the Glenada Dunes property. These sales have been completed.

The Surveyor's Office notified Central Lincoln People's Utility District, Qwest Communications, the City of Florence, Northwest Natural Gas, various other agencies including Transportation Planning and Lane County Planning sections of the Lane County Department of Public Works, and the adjoining property owners regarding the vacation. Lane County Transportation Planning responded with a conditional non-objection, provided the right of access to affected existing private properties is addressed. Jay Vilhena, President of Oaesys Corporation which owns tax lot 18-12-34-400, responded with a conditional non-objection, provided an easement is granted to access that property. Both of these conditional non-objections will be addressed by retaining two separate easements for ingress, egress and public utilities in the final Order. The other agencies and landowners either had no objection to the vacation or did not respond to the referral.

Easements for ingress and egress and public utilities will be retained to benefit tax lot 1000 of Assessor's Map 18-12-34-24 and tax lot 400 of Assessor's Map 18-12-34, both of which will be denied public access as a result of these vacation proceedings.

The public interest will be served by this vacation, as the undeveloped parcel being transferred by Lane County to the State of Oregon Department of Parks and Recreation will be more suitable for parks use without the burden of these platted rights of way, many of which are located on sand dunes, existing lakes and topography unsuitable for construction of roads or development as originally platted.

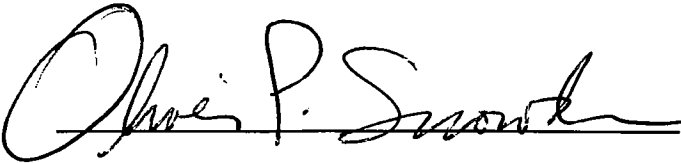

The vacation of the undeveloped plats and rights of way will have no adverse effects on transportation patterns in the area, and the portions to be vacated are not needed by Lane County.

Notification of these proceedings has been provided by posting, mail and legal publication by the County Surveyor in accordance with ORS 368.401 to 368.426.

It is therefore recommended that the plats and rights of way as described in the Final Order be vacated.

It is further recommended that easements for ingress and egress and public utilities be retained to benefit tax lots 18-12-34-24-1000 and 18-12-34-400.

PLAT RECORDS (18-12-34) )**

The Surveyor's Office of the Department of Public Works has received a request from Lane County Parks Division to initiate proceedings for the vacation of the plat of Colter's Addition to Glenada as established in 1911 (Bk 4, P 84) and the Amended Plat of Colter's Addition to Glenada as established in 1912 (Bk 6, P 25), to include all blocks, lots and rights of way within said plats, and including all of Hazel Street lying west of the westerly boundary of the Amended Map of South Florence Addition to Glenada (Bk 2, P 13). The plats and portions of rights of way proposed for vacation comprise an undeveloped parcel owned by Lane County that is being transferred to the Oregon State Department of Parks and Recreation by Quitclaim Deed. The entire subject parcel is zoned NR (Natural Resource). The vacation of these plats and rights of way is a condition of the sale.

The request to vacate these plats and rights of way is in the public interest, as the undeveloped parcel being transferred by Lane County to the State of Oregon Department of Parks and Recreation will be more suitable for parks use without the burden of these platted rights of way, many of which are located on sand dunes, existing lakes and topography unsuitable for construction of roads or development as originally platted.

**Findings of Fact (Public Interest)**

The Board takes notice and finds:

1. That, pursuant to ORS 368.326 to 368.366, a county governing body may vacate subdivisions, roads or easements based upon the determination that the vacation is "in the public's interest".
2. That, pursuant to ORS 197.175 (2) (d), after acknowledgment of a county's comprehensive plan and implementing ordinances, the plan and ordinances, not the Statewide Planning Goals, control land use decisions.
3. That, Lane County's Rural Comprehensive Plan and implementing ordinances were originally acknowledged to be in compliance with the Statewide Planning Goals on September 13, 1984, and re-acknowledged on February 14, 1992.

4. That, neither the Lane County Comprehensive Plan nor any land use regulation within the Lane Code establish mandatory standards for the vacation of public easements.

### **Conclusion of Law (Public Interest)**

Based upon the above findings of fact, the Board concludes, as a matter of law, that neither the Statewide Planning Goals nor the Lane County Rural Comprehensive Plan and related land use regulations are an applicable measure of the "public interest", as it pertains to this vacation.

### **Findings of Fact (Impacts and Process of Vacation)**

The Board takes notice and finds as follows:

1. That, the property abutting the proposed vacation is identified as tax lots 200, 300, and 400 of Assessor's Map 18-12-34; tax lots 500 and 1100 of Assessor's Map 18-12-34-13; and tax lots 1700, 2000, 2100, 3100, 3200 and 3300 of Assessor's Map 18-12-34-42.
2. That, pursuant to ORS 368.326 to 368.366, a county governing body may vacate subdivisions, roads or easements based upon the determination that the vacation is "in the public's interest".
3. That, the Surveyor's Office notified Central Lincoln People's Utility District, Qwest Communications, the City of Florence, Northwest Natural Gas, various other agencies including Transportation Planning and Lane County Planning sections of the Lane County Department of Public Works, and the adjoining property owners regarding the vacation. Lane County Transportation Planning responded with a conditional non-objection, provided the right of access to affected existing private properties is addressed. Jay Vilhena, President of Oaesys Corporation which owns tax lot 18-12-34-400, responded with a conditional non-objection, provided an easement is granted to access that property. Both of these conditional non-objections will be addressed by retaining two separate easements for ingress, egress and public utilities in the final Order. The other agencies and landowners either had no objection to the vacation or did not respond to the referral.
4. That, public access will be eliminated to tax lot 1000 of Assessor's Map 18-12-34-24 and tax lot 400 of Assessor's Map 18-12-34 as a result of these vacation proceedings, and specific easements for ingress and egress and public utilities will be retained to benefit those two parcels.
5. That, the County Surveyor has provided legal notice for the public hearing by service, posting, and publication, as required by ORS 368.401 to 368.426.
6. That, pursuant to the provisions of ORS Chapter 368, a county governing body may make a determination about a vacation of property with a public hearing if:

- (1) The county governing body adopts a resolution meeting the requirements of ORS 368.341.
- (2) The county road official files a written report containing a description of the property proposed for vacation and stating that the vacation is in the public interest.
- (3) The governing body shall establish a time and place for a hearing to consider the proposed vacation and shall give notice of said hearing under ORS 368.401 to 368.426.

Items (1), (2) and (3) have been complied with.

### **Conclusions of Law (Impacts and Process of Vacation)**

Based on the above findings of fact, the Board concludes, as a matter of law, that this vacation will not have any predictable negative impact on present or future land use, either in terms of allowable uses or actual development. The Board further concludes that statutory procedures necessary for making a determination on this vacation, with a public hearing, have been met.
