If any governing body disagrees with the Type of the proposed amendment, that governing body may refer the matter to the processes provided in LC 12.220(6)(a) or (b).
  - 2. Public Notice. At least 20 days before the planning commission hearing, notice of the hearing must be published in a local newspaper of general circulation and mailed to the applicant and to persons who have requested notice. If the proposed amendment is quasi-judicial, at least 20 days before the hearing, notice of the hearing shall be mailed to the owners of properties that are the subject of the proposed and to property owners of record of property located within 300 feet of the subject property. The content of the notice shall be the same as required in LC 14.070(2).

B. Type II Amendment Process.

1. Investigation and Report. After the Metro Plan amendment initiation date, planning staff of the jurisdiction where the proposed amendment was submitted or initiated shall investigate the facts bearing on the application, prepare a report, and submit it to the planning commissions of the home city and Lane County. The report shall be made available for review to the public at the time it is delivered to the Commissions.
2. Planning Commission Consideration. The joint planning commission public hearing to consider the proposed amendment shall be scheduled within 90 days of initiation of the amendment. After the joint public hearing and close of the public hearing record, both planning commissions shall make a recommendation to their governing bodies on the proposed Metro Plan amendment.
3. Governing Body Action. After both planning commissions provide a recommendation on the proposed amendment, the governing bodies of the home city and Lane County shall schedule a joint public hearing on the proposed amendment. After the joint public hearing, both governing bodies shall approve, modify and approve, or deny the proposed Metro Plan amendment. Both governing bodies shall take action by ordinance, with adopted findings and conclusions on whether the proposal or modified proposal meets the approval criteria of LC 12.225. The actions of the governing bodies are final if they are substantively identical ordinances or decisions. Conflict resolution provisions of LC 12.220(6) apply if the two governing bodies do not adopt substantively identical ordinances or decisions.

C. Type III Amendment Process.

1. Investigation and Report. After the Metro Plan amendment initiation date, planning staff of the jurisdiction where the proposed amendment was submitted or initiated shall investigate the facts bearing on the application, prepare a report, and submit it to the planning commissions of Eugene, Springfield, and Lane County. The report shall be made available for review to the public at the time it is delivered to the Commissions.
2. Planning Commission Consideration. The joint public hearing before the Eugene, Springfield, and Lane County planning commissions to consider the proposed amendment shall be scheduled within 90 days of initiation of the amendment. After the joint public hearing and close of the public hearing record, all three planning commissions shall make a recommendation to their governing bodies on the proposed Metro Plan amendment.
3. Governing Body Action. After all three planning commissions provide a recommendation on the proposed amendment, the governing bodies of Eugene, Springfield, and Lane County shall schedule a joint public hearing on the proposed amendment. After the joint public hearing, all three governing bodies shall approve, modify and approve, or deny the proposed Metro Plan amendment. All three governing bodies shall take action by ordinance, with adopted findings and conclusions on whether the proposal or modified proposal meets the approval criteria of LC 12.225. The actions of the governing bodies are final if they are substantively identical ordinances or decisions. Conflict resolution provisions of LC 12.220(6) apply if the governing bodies do not adopt substantively identical ordinances or decisions.

D. Process for Government Initiated Plan Amendments. A Different process, time line, or both, than the processes and timelines specified in LC 12.220(1), (2) or (3) above, may be established by the governing bodies of Eugene, Springfield, and Lane County for any government initiated Metro Plan amendment.

E. Relationship to Refinement Plan Amendments. When a Metro Plan amendment is enacted that requires an amendment to a refinement plan diagram or map for consistency, the Metro Plan diagram amendment automatically amends the refinement plan diagram or map if no amendment to

the refinement plan text is involved. When a Metro Plan diagram amendment requires a refinement plan diagram or map and text amendment for consistency, the Metro Plan and refinement plan amendments shall be processed concurrently.

- F. Conflict Resolution Process and Severability of Amendment Adoption Actions. The following process shall be used when the governing bodies cannot agree on substantively identical decisions on a proposed Metro Plan amendment:
1. A Type II amendment for which there is no consensus shall be referred to the Mayor of the home city and the Chair of the Lane County Board of Commissioners for further examination of the issue(s) in the dispute and recommendation back to the governing bodies. If no recommendation is made back to the governing bodies within 6 months, the plan amendment is denied.
  2. A Type III amendment for which there is no consensus shall be referred to the Mayors of Eugene and Springfield and the Chair of the Lane County Board of Commissioners for further examination of the issue(s) in the dispute and recommendation back to the governing bodies. If no recommendation is made back to the governing bodies within 6 months, the plan amendment is denied.
  3. If the plan amendment is denied because of lack of consensus, within 10 days the planning director of the jurisdiction where the application originated shall issue a denial decision. For quasi-judicial amendments, the denial decision shall include findings and conclusions on why the proposed amendment does not meet the approval criteria. Those findings and conclusions may incorporate findings and conclusions previously adopted by one or both of the governing bodies. The decision of the planning director is final.
  4. When identical action is required of two or three governing bodies on a Metro Plan amendment, and the amendment results in a number of different plan changes, unless otherwise specified in the adoption ordinance of any of the governing bodies, action by all of the governing bodies to adopt some but not all of the plan changes shall result in the adoption of the changes for which there is consensus and the forwarding of only those changes for which there is not consensus as specified under subsections (a) and (b) above.
