

ADOPT A SPOT

CLEANUP AND BEAUTIFICATION PROGRAM

Your school, community group or business can help to keep Lenexa clean and litter-free

Lenexa's ADOPT A SPOT program gives people of all ages the opportunity to learn about and participate in the preservation of Lenexa's parks, streets, streams, and other resources. By adopting a spot, participants will not only make a difference in the cleanliness of Lenexa water, parks, and open areas, but also learn to practice conservation in their own backyard.

Select a Spot

Participating groups ADOPT A SPOT by committing to clean it three times a year for two years. This program is very flexible, allowing your group to choose the date, time, and spot you wish to clean (subject to City approval). The City of Lenexa will provide the supplies and training for the cleanup.

Groups can choose spots all over the city from the ADOPT A SPOT with areas in streams, parks, and streets. The city has the right to refuse a proposed spot for adoption. (However, it is strongly encouraged that groups with participants at least 11 years of age or older, adopt streets and streams so that younger groups can adopt the less active park spots.) The ADOPT A SPOT Coordinator (jdoty@lenexa.com) will work with you to find the right spot for your group.

Make it your own

Invite your friends, family and coworkers to join you. Your team can be as big or small as you want it: from your entire office removing litter from a nearby street to a family cleaning up their neighborhood park. The only requirements are that your group must have at least two members so that everyone is safe while cleaning and streets can only be adopted by groups with participants that are 11 years or older.

When you ADOPT A SPOT

The city provides grabbers, trash bags and gloves for park cleanups. Street clean ups have additional supplies including safety vests and caution signs. Teams that commit to cleaning a spot at least three times per year for two years will receive: Recognition on the city's website and a metal sign in the adopted area.

1. **How to get started** When you know the dates, times and location you would like to adopt, fill out the ADOPT A SPOT application, agreement, and clean up schedule completely.
2. Have every member complete a release of liability. ALL members of your group must complete a release of liability before participating in the first cleanup. The release of liability form is available on the Lenexa ADOPT-A-SPOT website. A signed release of liability is valid for one year and will cover all cleanups completed within that year. After one year, all members of your group must complete a new release of liability before any cleanups may take place. If a participant is 18 or OVER, the release of liability may be signed on the day of the first cleanup event. **IMPORTANT! Parents or legal guardians must sign the release of liability for group members UNDER the age of 18.** If a parent or legal guardian will not be attending the event, the release of liability must be signed in advance and must be presented at the cleanup in order for the child to participate. If any group members join at any time during the term of the Agreement, they must complete and submit a release of liability before participating in any cleanup.
3. Mail, fax or e-mail the agreement and application to:
Attn: ADOPT A SPOT Coordinator, 17201 W. 87th St. Pkwy, Lenexa, KS 66219
Fax: 913-477-7151, E-mail: jdoty@lenexa.com
4. When the City receives your application, the ADOPT A SPOT coordinator will call or e-mail to confirm a location. Please notify the City of any needs that may not be on the form when we confirm your cleanup.

ADOPT A SPOT RULES

The City of Lenexa's ADOPT A SPOT program is part of an effort to make sure the City's parks and streamways are litter-free and beautifully maintained. The program is voluntary and is open to groups that comply with state laws prohibiting discrimination based on race, religion, color, age, gender or national origin. Any group whose name promotes or opposes an elected official or candidate for public office is not eligible to participate in the ADOPT A SPOT program.

Each volunteer group assumes responsibility for their spot and agrees to remove trash and litter a minimum of three times a year for a two-year period. Groups can request a specific area or the City of Lenexa can help groups select a specific area to be adopted.

Groups cannot begin volunteer work until a release of liability is signed by each volunteer and/or a parent or guardian (if the volunteer is under the age of 18).
