ABOUT THE PROJECT

The Jaycee Municipal Golf Course received course renovations in 2010. The renovations included a new irrigation system throughout the course, new Bent Grass Greens, improved Tee Boxes, an update to the existing Pro Shop and additional carts for rental. This was a ten month renovation that greatly improved the playability of the course and allowed the city to host year round golf to the users.

PROJECT IMPACTS & BENEFITS

- New Bent Grass greens & improved tee boxes
- New course irrigation
- Updated golf course entryway
- Updated Pro Shop for improved user seating and concessions
- New and updated maintenance equipment to improve the overall course playability
- Added carts for rental accommodation for users
