SUPERVISING PROFESSIONAL(S): If a new structure will be greater than 50,000 cubic feet or if an alteration will cause the entire building to be greater than 100,000 cubic feet, then a supervising professional shall be retained by the owner and the following signatures are required:

I have been retained by the owner as a supervising professional per SPS 361.40 for the performance of reasonable on-site observations to determine if the construction is in substantial compliance with the approved plans and specifications. Upon completion of construction, I will file a written statement with the Building Inspection Department certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specification. In the event that I am no longer associated with this project, I will file a compliance statement (SBD 9720) notifying the Department as such and indicating the current status of compliance.
