I would be very honored and excited to fill the open Ward III councilman's seat left open by Steve Freel.

My qualifications are eight years on the Casper City Council and also twenty years on the Natrona County Commission. I have served as liaison over the years when I was on the city council to several different city boards and commissions. I have also have worked on several One Percent Committees. I started my city council career working along side Ken Erickson and other previous city managers and ending up working along side Tom Forslund. I am currently on city planning and zoning and would hope to take a 3-1/2 month leave of absence if selected. I was also on the CNFR Committee among others. I have lived in Ward III since 1978.

I know it takes time and teamwork along with dedication and being a good listener and I have all those qualifications.

Since school years and my time in Boy Scouts, I have always been interested and active in some manner in local civic activities. To help make Casper and the surrounding areas a better place to live and always make sure Casper has a bright future.

Again, thank you.

Terry Wingerter
