

**Los Alamos Resiliency, Energy, and Sustainability Task Force:  
Planning, Codes & Buildings Subcommittee  
Elizabeth Daly, Suzie Havemann (Co-Chairs)**

**Planning, Codes, and Buildings Subcommittee Scope of Work**

This committee will address topics related to planning and zoning, the development and building codes, and the design and operation of our buildings--- in the context of reducing greenhouse gas emissions. Our Scope of Work will include but may not be limited to:

**Strategic Planning to Net Zero Emissions**

- Development Code
  - Diversity of Housing Stock
  - Infill Development
  - Mobility – Bike & Pedestrian
- Neighborhood Zoning

**County & Other Public Sector Buildings**

- Baseline Assessments
- Planning for Reduction of Carbon-based Energy Consumption
- Deploy Energy Design Rating (EDR) Standards
- Conservation (Lighting, Water Pumping, etc.)

**Building Code - Retrofits – Residential & Commercial**

- Progressive Codes
- Education About Electrification & Conservation
- Incentives to Enable Clean Energy Adoption
- Develop Strategies for:
  - ‘Permit Required’ Projects
  - ‘No Permit Required’ Projects

**Building Code - New Construction – Residential & Commercial**

- Deploy Energy Design Rating (EDR) Standards
- Green Building Standards (e.g. LEED Gold)

**Stakeholder Outreach & Partnerships**

- LAPS, UNM-LA
- Business Sector
- Contractors, Builders, Architects

**Public Participation**
