INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

Public Service Board - El Paso Water Utilities,
a component unit of the City of El Paso

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type activities and each major fund of the Public Service Board - El Paso Water Utilities, a component unit of the City of El Paso, as of and for the year ended February 28, 2021, and the related notes to the financial statements, which collectively comprise the Public Service Board - El Paso Water Utilities’ basic financial statements and have issued our report thereon dated July 6, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Public Service Board - El Paso Water Utilities’ internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Public Service Board - El Paso Water Utilities’ internal control. Accordingly, we do not express an opinion on the effectiveness of the Public Service Board - El Paso Water Utilities’ internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Public Service Board - El Paso Water Utilities’ financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE, AND ON
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE

Public Service Board - El Paso Water Utilities,
a component unit of the City of El Paso

Report on Compliance for Each Major Federal Program

We have audited the Public Service Board - El Paso Water Utilities’, a component unit of the City of El Paso, compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on the Public Service Board - El Paso Water Utilities’ major federal program for the year ended February 28, 2021. The Public Service Board - El Paso Water Utilities’ major federal program is identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for the Public Service Board - El Paso Water Utilities’ major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Public Service Board - El Paso Water Utilities’ compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Public Service Board - El Paso Water Utilities’ compliance.
**Opinion on Each Major Federal Program**

In our opinion, the Public Service Board - El Paso Water Utilities, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended February 28, 2021.

**Report on Internal Control Over Compliance**

Management of the Public Service Board - El Paso Water Utilities is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Public Service Board - El Paso Water Utilities’ internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Public Service Board - El Paso Water Utilities’ internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the business-type activities and each major fund of the Public Service Board - El Paso Water Utilities, a component unit of the City of El Paso, as of and for the year ended February 28, 2021, and the related notes to the financial statements, which collectively comprise the Public Service Board - El Paso Water Utilities’ basic financial statements. We issued our report thereon dated July 6, 2021 which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the
underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

FINANCIAL STATEMENT FINDINGS
There are no current year findings.

FEDERAL AWARD FINDINGS AND QUESTIONED COSTS
There are no current year findings.
FINANCIAL STATEMENT FINDINGS
There were no prior year findings.

FEDERAL AWARD FINDINGS AND QUESTIONED COSTS
There were no prior year findings.
The accompanying notes are an integral part of this schedule.
1. **BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal award activity of the Public Service Board - El Paso Water Utilities (EPWater), a component unit of the City of El Paso under programs of the federal government for the year ended February 28, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the EPWater, it is not intended to and does not present the financial position, changes in net position, or cash flows of EPWater.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in Office of Management and Budget Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. **INDIRECT COST RATE**

EPWater has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

4. **OVERSIGHT AGENCY**

The U.S. Bureau of Reclamation is EPWater’s oversight agency for the single audit.

5. **DONATED PERSONAL PROTECTION EQUIPMENT (PPE) - UNAUDITED**

Through the Health and Human Services Office of the Assistant Secretary for Preparedness and Response and the assistance of the Federal Emergency Management Agency (FEMA), EPWater was the recipient of 3,000 masks some of which were distributed to smaller water districts in the area for their use. The value of the donation is estimated to be $2,130.
