

BLIND RIVER

STAY PLAY LIVE

Blind River is a stunning community located on the world-renowned North Channel. It is a unique community with the benefit of the highway and waterway gateways that lead you to art, history, recreating, and a year-round welcoming attitude!

We have affordable business spaces and land ripe for development. If you think access to fresh water, clean beaches, or cottages is only for those who are wealthy, think again. Be spoiled by an office with a view from your home. Swap out sirens and traffic for wandering deer and crashing waves.

Our community is filled with year-round recreation that will keep every age active. Enjoy a fall hike surrounded by deep crimson and orange; and once the snow flies, the same trails are frosted tree canopies sparkle in Blind River as you forget all of your worries.

Our Downtown is filled with resilient businesses, supported by a resilient community.

The move is worth it.

Come and work, live, and play in a community eager to see new, friendly faces.
