

## UTILITY SYSTEMS DIVISION MISSION

Manage the planning, engineering, construction, and database functions for the City of Renton's water, wastewater, surface water and solid waste, in a manner that ensures public health and safety, meets all regulatory requirements, protects environmental resources, is financially sound and supports the city's business plan goals.

2020 City of Renton

# Utility Rates

**This brochure includes the rates for the water, wastewater, and surface water sections effective January 1, 2020.**

Solid waste services are being provided by Republic Services. Please contact them directly for all solid waste collection services and billing questions, including solid waste rates and missed pickups.

### REPUBLIC SERVICES

Customer Service Call Center

3"	\$221.15	\$106.66	\$24.27
4"	\$337.37	\$158.76	\$29.86
6"	\$658.19	\$300.71	\$42.90
8"	\$1,288.20	\$658.03	\$57.78
10"	\$1,920.28	\$846.14	\$74.54
12"	\$2,794.66	\$1,221.86	\$89.43

### Commodity Rates (100 cf = 748 gallons) Single-family:

Less than 500 cf/month	\$2.59/100 cf
500-1,000 cf/month	\$3.48/100 cf
Over 1000 cf/month	\$4.39/100 cf
Multi-family	\$3.36/100 cf
Non-residential	\$3.55/100 cf
Private irrigation	\$5.69/100 cf
City irrigation	\$4/100 cf
Hydrant meter	\$5.69/100 cf

Outside City Limits: Rates for customers outside city limits are 1.5 times the above.

**THE WATER UTILITY** operates and maintains nine wells, one spring, 314 miles of water mains, 18 pumping stations, 10 reservoirs and elevated tanks, two treatment facilities, 3,811 fire hydrants, and 18,105 metered connections.

The city joined the Saving Water Partnership in 2012. For tips on how to conserve water and save money, visit them at [savingwater.org](http://savingwater.org).

# WASTEWATER UTILITY

## 2020 WASTEWATER MONTHLY RATES

	Renton	King County
Single-family	\$30.51	\$45.33
<b>Other Users:</b>		
Base Charge	\$4.69	N/A
Per 100 cf	\$3.44	N/A
Per 750 cf	N/A	\$45.33
Minimum charge:	\$30.51	\$45.33

Outside City Limits: Rates for customers outside city limits are 1.5 times the above, for the Renton portion of the rate only.

**THE WASTEWATER UTILITY** operates and maintains 236 miles of sewer mains, and 21 sewage lift stations and force mains.

Wastewater is sent to King County South Treatment Plant where it is treated and discharged to the Puget Sound. The King County rate is the charge for the treatment. For questions about treatment, call King County at 206-477-5371.

To help protect your sewer pipes and keep them working properly, following these easy tips:

- » Only flush toilet paper. Do not flush trash. Even items labeled "flushable" can build up in the sewer system and cause overflow.
- » Dispose of grease in the garbage to reduce the risk of clogged sewer pipes. When grease is washed down the drain including a garbage disposal, it sticks to the inside of sewer pipes both on your property and in the streets. Over time, it builds up and can block the entire pipe.

# SURFACE WATER UTILITY

## 2020 SURFACE WATER MONTHLY RATES

Single-family	\$15.15	
<b>Commercial Minimums:</b>	<b>.5 Acres or less</b>	<b>.5 Acres or more</b>
Low Intensity	\$37.50	\$75/AC
Medium Intensity	\$54.24	\$108.43/AC
High Intensity	\$69.93	\$139.87/AC

**THE SURFACE WATER UTILITY** operates and maintains 283 miles of storm pipe, 16,459 catch basins and structures, and 402 flow control and water quality treatment facilities.

When rainwater falls to the ground, it carries with it pollutants that are on the surface to storm drains. From there, the untreated stormwater runoff flows directly to streams and lakes and eventually reaches Puget Sound. Help keep pollution out of stormwater by following these easy tips:

- » Sweep sidewalks, patios and driveways and dispose of debris in the trash.
- » Remove leaves, debris, and trash around storm drains to prevent flooding.
- » Do not dump anything into storm systems or on the ground where it can be washed into the street storm systems.
- » Do not use or limit use of fertilizers, pesticides or other chemicals that can be washed away when it rains.
- » Wash vehicles at a commercial car wash.
