- Qualifying Induction Cooktops must be 30" or larger.
 - Photographs are required showing the 'before' cooktop and the 'after' induction cooktop.
 - Portable/Counter top induction cooktops are not eligible for rebate.
- The Heat Pump Clothes Dryer must be **ENERGY STAR**® certified.
- The panel upgrade must include circuits dedicated to the following:
 - Level 2 EV Charger
 - Heat Pump Water Heater
 - Heat Pump HVAC
 - Induction Cooktop
 - Heat Pump Clothes Dryer
- Electric Panel upgrade rebate may be used for labor and material costs.
- EV Ready Requirement for Panel Upgrade Rebate - For all panel upgrade projects a 240 volt plug must be installed in or near the garage if one is not already installed.

TERMS & CONDITIONS:

- By applying for this rebate you acknowledge that the rebate influenced your decision to install the qualifying equipment at your residence.
- Customers may be eligible for additional rebates if there is a change in residence.
- **Rebates may not exceed the cost of the qualifying equipment.**
- Roseville Electric Utility disclaims any and all liability, loss or damage that may arise as a result of the applicant's or contractor's participation in this program.
- Roseville Electric Utility is not responsible for items lost or delayed in the mail, nor any remittance delayed due to incorrect rebate applications.
- Roseville Electric Utility is not responsible for any taxes that may be imposed as a result of your receipt of any financial rebates from Roseville Electric Utility.
- Roseville Electric Utility reserves the right to verify both the qualification and installation of equipment.
- Roseville Electric Utility may share my name, address, electricity usage or other needed information with a consultant for the purpose of on-site pre and post inspection.
