POWER COST ADJUSTOR RATE

The Power Cost Adjustor Rate (PCA Rate) reflects changes in the cost of power due to factors including but not limited to fluctuating prices and availability of electricity. Under the PCA Rate, the difference between revenue from base rates and the costs paid by Williams or projected to be paid for purchasing power will be reviewed at least annually. The City will periodically evaluate the PCA to determine if any change in the base rates should be adjusted or if a customer refund or credit is appropriate.

Initial PCA Rate:	\$0.00 / kWh
