

City of New Hope
Data Practices Policy for the Public

Right to Access Public Data
City of New Hope | newhopemn.gov
June 2021

Your Right to See Public Data

The Government Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data are public unless a state or federal law says the data are not public. Government data means all recorded information a government entity has, including paper, email, flash drives, CDs, DVDs, photographs, etc.

The law also says that the city of New Hope must keep all government data in a way that makes it easy for you to access public data. You have the right to look at (inspect), free of charge, all public data that we keep. You also have the right to get copies of public data. The Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

How to Request Public Data

You can ask to look at (inspect) data at our offices, or ask for copies of public data that this government entity keeps. You may be asked to make a written request. Make your request for data to the appropriate individual listed in the Data Practices Contacts on Page 4. You may make your request for data by mail, fax, or email, using the Data Request Form on Page 6.

If you choose not to use the data request form, your request should include:

- That you, as a member of the public, are making a request for data under the Government Data Practices Act (Minnesota Statutes, Chapter 13).
- whether you would like to inspect the data, have copies of the data, or both.
- a clear description of the data you would like to inspect or have copied.

You are not required to identify yourself or explain the reason for your data request. However, you may need to provide us with some personal information for practical reasons (for example: if you want us to mail copies to you, you need to provide us with an address or P.O Box). If we do not understand your request and have no way to contact you, we cannot respond to your request.

How We Will Respond to Your Data Request

Upon receiving your request, we will review it.

- If we do not have the data, we will notify you in writing as soon as reasonably possible.
- If we have the data, but the data are not public, we will notify you as soon as reasonably possible and identify the law that prevents us from providing the data.
- If we have the data, and the data are public, we will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
 - Arrange a date, time, and place for you to inspect the data at our offices; or
 - Provide you with copies as soon as reasonably possible. Information about copy charges is on Page 5. You may choose to pick up your copies, or we will mail or email them to you. We will provide electronic copies (such as email or CD-ROM) upon request, if we keep the data in that format and we can reasonably make a copy.
 - Response time may be impacted by the size and/or complexity of your request, and also by the number of requests you make in a given period of time.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please tell the person who provided the data to you. We will give you an explanation if you ask.

The Data Practices Act does not require us to create or collect new data in response to a data request, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. If we agree to create data in response to your request, we will work with you on the details of your request, including cost and response time.

Also, we are not required to respond to questions that are not about your data requests, or requests for government data.

Requests for Summary Data

Summary data are statistical records or reports created by removing identifying information about individuals from entirely private or confidential data. We will prepare summary data if you make your request in writing and pre-pay for the cost of creating the data and/or copies.

You may use the data request form on page 6 to request summary data. We will respond to your request within ten business days with the data or details of when the data will be ready and how much we will charge you.

Copy Costs – When You Request Public Data

Minnesota Statutes, section 13.03, subdivision 3(c) allows us to charge for copies. You may be required to pay for the copies before we give them to you.

For 100 or fewer paper copies – 25 cents per page

100 or fewer pages of black and white, letter or legal size paper copies cost 25¢ for a one-sided copy, or 50¢ for a two-sided copy. The Police Department does not charge for copies of accident reports.

Most other types of copies – actual cost

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies or electronically sending the data.

In determining the actual cost of making copies, we include employee time, the cost of the materials onto which we are copying the data (paper, CD, DVD, etc.), and mailing costs (if any). If your request is for copies of data that we cannot reproduce in-house, such as photographs, we will charge you the actual cost we must pay an outside vendor for the copies.

Data Request Form – Requesting Public Data

Date of request: _____

I am requesting the following data:

Describe the data you are requesting as specifically as possible.

I am requesting access to data in the following way:

- Inspection
- Copies
- Both inspection and copies

Note: Inspection is free. The charge for copies is \$.25 per page.

Contact information (optional)*

Name: _____

phone number: _____

email address: _____

address: _____

We will respond to your request as soon as reasonably possible.

* You do not have to provide any contact information. However, if you want us to mail/email you copies of data, we will need some type of contact information. In addition, if we do not understand your request and need clarification from you, without contact information we will not be able to begin processing your request.
