

## City of New Hope Fee Schedule

### **Preface**

The New Hope City Council instituted a Fee Schedule beginning in 2017 for licenses, permits, and other city fees. Fee Schedule rates supersede amounts in city ordinances or policies dated prior to implementation of the adopted Fee Schedule.

The Fee Schedule shall be periodically updated and approved by resolution. The most current version of the Fee Schedule will be published on the city website.

A state surcharge is imposed on several permit types: building, plumbing, heating, ventilating, air conditioning, refrigeration, building moving, sewer, water connection, and fire suppression.
