2019-2020 Schedule C3: LHIN Local Indicators and Obligations

System Collaboration on Health Systems Planning and Design

The Health Service Provider is required to collaborate with system partners to support the development of an integrated system of health services that provides person-centred, timely, equitable, accessible, high quality, and evidence-based services in an efficient, effective and sustainable manner. (Referred to as “Care Connections - Partnering for Healthy Communities” and “Care Connections Refresh”).

To ensure optimal alignment across the region, the Health Service Provider agrees that the development and submission of organizational plans and proposals to the LHIN will incorporate, where applicable, the following considerations:

- the needs of patients, clients and/or residents;
- NSM LHIN system priorities (as outlined in the NSM LHIN Integrated Health Services Plan (IHSP), NSM LHIN Annual Business Plans, and NSM LHIN Annual CEO deliverables as posted on the NSM LHIN website);
- Feedback from LHIN Leadership Council and relevant Coordinating Councils; and,
- Coordination and collaboration within NSM LHIN geographic sub-regions, where applicable.

The Health Service Provider understands that as a partner in the local health system, it has an ongoing obligation to provide input, where requested, on the content of strategic directions and plans for the geographic sub-regions of the NSM LHIN. Further the Health Service Provider agrees to participate in the work and initiatives of all Coordinating Councils and Project Steering Committees, to the extent that it is able without impacting its capacity to meet its other obligations under this agreement. Such initiatives include, but are not limited to:

- Participation and collaboration of a LHIN-approved senior executive of the Health Service Provider as a member of the oversight council (“referred to as the “Leadership Council”), a Coordinating Council and/or a Project Steering Committee to implement such recommendations as are agreed to by the Leadership Council and NSM LHIN Board of Directors;
- Identification of Coordinating Council project leads and/or project champions;
- Participation in regional/provincial planning and implementation groups; and,
- Specific obligations as may be specified as a condition of participation in Council initiatives (outlined in the Project Charter for the initiative).

Risk Management Reporting to the LHIN

The Health Service Provider's Board will ensure that:

- The Health Service Provider has an organization-specific policy related to the management of risks;
- Significant and major risks are identified and reported promptly to the LHIN in the manner outlined in the “NSM LHIN Risk Management Reporting Guidelines and Manual” (available on the NSM LHIN website); and,
- All significant and major risks are assigned action plans to mitigate likelihood and/or impact, and that status updates for unmitigated risks are provided to the LHIN periodically until the risk is no longer significant.

Indigenous Report Submission

The Health Service Provider is required to complete the Indigenous Annual Report for the period of April 1 to March 31. The NSM LHIN will provide a separate communication to Health Service Providers with a link to the electronic report template. The report will be used to:

- Identify and track opportunities for Indigenous Cultural Safety and Aboriginal Cross Cultural Awareness training; and,
- Support HSPs with voluntary self-identification.

Reporting is due to the NSM LHIN by April 30 annually.

Satisfaction Survey Results Reporting to the LHIN

All NSM LHIN funded Health Service Providers are required to provide a report annually to the LHIN outlining the efforts made to collect information on the experience of persons receiving services from the organization and/or to solicit views about the quality of care provided by the Health Service Provider.

If the Health Service Provider is mandated under regulations in the Excellent Care for All Act, 2010 or Ministry of Health and Long-Term Care directive to conduct annual satisfaction surveys, the Health Service Provider will provide the LHIN with an annual summary of satisfaction survey results. The summary will include the reporting of, at minimum:

- Total Number of Patients/Clients/Family Members surveyed for Client Satisfaction
- Total Number of Patients/Clients/Family Members responding positively in response to one of the following questions*:
 - o “If you needed to be treated again, would you choose to come back to this organization/facility?”;
 - o “Would you recommend this organization/facility to your friends and family?”; or
 - o “Overall, how would you rate the care and services you received at this organization/facility?”

* actual wording and definitions of “positive” may vary slightly based on survey design.

Reporting is due to the NSM LHIN by June 30 annually.
