Family and Community COVID-19 Update
May 19, 2022

We are pleased to share that in consultation with the Simcoe Muskoka District Health Unit, all outbreaks at the hospital have now been declared over. We are grateful to our staff for their efforts in supporting patients and each other, including those working on and supporting the outbreak units, the infection prevention and control team, and the outbreak management team.

REMINDER FOR VISITORS
Visits are permitted and must be scheduled 72 hours in advance. Proof of vaccination with QR code and photo ID is required for all visitors, or proof of medical exemption. Some limited exceptions apply such as palliative situations.

All visitors must check in with the hospital before a visit, pass COVID-related screening questions, and wear appropriate personal protective equipment regardless of whether the visit takes place indoors or out.

Due to rapid spread of COVID-19 in our communities, eating and drinking is no longer permitted during visits. Commercially produced and prepackaged/sealed foods that do not require refrigeration may be brought in for individual patient consumption on the program after the visit.

As COVID-19 continues to spread rapidly, we urge you to get vaccinated, including third and fourth doses if eligible, wear a mask, physical distance and continue to be cautious about gathering in large groups. We can help each other and we can help the health care system by doing everything we can to stay healthy and help our loved ones stay healthy.

Resources for Patients and Families
Supports for patients and families are available from our Spiritual Care Team, the Patient/Client and Family Council and the Patient Relations Office. More information can be found at www.waypointcentre.ca/patients__families
