

Dear Valued Customers,

Great news! We enhanced the Online Help and now includes links to many of the training

Click on "Help" in the upper right corner of your NOVAtime database.

If you expand Chapter 1, navigate down to the "Where to Get Help" page, you may notice videos were moved to the newly added Chapter 5, and we also added several new Chapters with additional information.

Navigate to Chapter 5, Video Learning Library and you'll find a very comprehensive overview video, as well as numerous videos grouped by Administrator, Supervisor, Employee, Compliance, ASM, Clock etc. Videos are continually being added and updated.
